

# PARENT A GLANCE

Find out what your child is **learning** and how to **help**.

Subject	Art I	Art II	Art II-D		
Ideas students are learning	The student will be investigating the elements of art and principles of design in analyzing works from art history.	The student will begin to develop their own unique drawing style after observing various other artist works.	Students use constructive criticism and professional vocabulary to evaluate the portfolio process. Begin development of ideas for Advanced Placement.		
Skills	Students will develop an awareness of how others used line to create artworks with a variety of themes. Practice and application of the use of line .	Students will develop their own style of drawing. Students will use skills and knowledge learned in previous art courses to refine their technique.	Students will use higher level thinking skills and professional critiquing vocabulary as they develop their own judgments.		
Work and assignments to look for	Your student should be working on an art piece that focuses on line and using it in an original manner.	Your student will be working on an individualized artwork developed by the student and teacher using the elements of art and the principles of design.	Your student will be working on an individualized artwork developed by the student and teacher using the elements of art and the principles of design.		
Questions Parents Can Ask	Why are you using line? Is it possible to create a drawing without lines? What have you learned about others use of lines in their artworks?	What type of project are you developing? May I see some of your sketches? What elements of art and principles of design are you using in your work?	In your own works what do you like most about them? Why? What vocabulary have you learned to use while critiquing art work?		
Special Notes	Your student will be using various materials, tools and techniques to re-enforce their use of line in their artworks.	Art is a specialized and open ended. The program allows the art specialist to select different media and will include a variety of projects.	Art is a specialized and open ended.
