## Program Highlights:

In 2008-2009 a community partnership between the FWISD Family Resource Centers (FRC), Crowley ISD (CISD), and John Peter Smith Health Network (JPS) helped open the doors of another school-based health center. *JPS-Chapel Hill*, located in SW Fort Worth, began providing primary health care services to FWISD and CISD students in June 2009. Creative partnerships like this help to further integrate primary health care, mental health, and social services into a seamless continuum offered through the school-based health network.
