

Fort Worth ISD Child Nutrition Services Programs
Account Restrictions Form – Elementary
2009-2010

Elementary cafeteria policy limits students to the purchase of one snack and one beverage with their meal. However, this policy does not prevent a student from returning to the line during their lunch period to purchase another snack or beverage. Use this form to help the Child Nutrition Services department better control your student's selections, spending, or both. You may also set limits through the www.MyLunchMoney.com payment website.
