The CBC may offer students restorative options to address social and emotional development, and keep students engaged with their academic progress at their home campus; including:

- Students are not allowed to visit their home campus during the time of removal.
- Students have the right to appeal a removal to an alternative education program.

Note:
The student, parent and/or guardian must each sign the acknowledgement form on page 48, and then return the page to the principal’s office. Please note that failure to sign and return the acknowledgement form may prevent the student from attending and/or participating in any school activities.

Student Code of Conduct Form
June 26, 2018

Dear Parent/Guardian:

It is my distinct pleasure to welcome you to the 2018-19 school year! I hope you and your child are looking forward to a successful year in the Fort Worth Independent School District.

I am pleased to provide you with this year’s Student Code of Conduct. It details the high standards of behavior expected of all Fort Worth ISD students. The Board of Education established the standards to ensure our schools will continue to be safe places for teaching and learning.

The 2018-19 Student Code of Conduct provides important information about required conduct and consequences for misconduct. Individual schools may develop campus-level student handbooks, but each one will reinforce this Student Code of Conduct and support both district policy and state law. Please contact your child’s campus administrator if you have any questions regarding required student conduct and/or disciplinary consequences.

You and your child must sign and date the Parent/Student Acknowledgment Form, and return the form to your child’s school immediately. Please keep the booklet so you may refer to it throughout the school year.

I hope you find the information in the Student Code of Conduct helpful. Please read it carefully, and discuss the information with your child.

Thank you for your support of the Fort Worth ISD and its high academic and behavioral standards for students. Best wishes for a positive and productive school year.

Sincerely,

Kent P. Scribner, Ph.D.

Letter to Parents
The Purpose of the Student Code of Conduct

Education in this community is a very high priority and deserves and requires a significant commitment of financial and human resources. The benefits a student derives from this investment depend on the student’s attitude toward learning and the student’s adherence to high standards of behavior. FWISD 2018-2019 Student Code of Conduct has been revised to comply with state law as defined in Chapter 37 of the Texas Education Code. The law requires the District to define misconduct that may or must result in a range of specific disciplinary consequences. This Code, adopted by the FWISD Board of Education, provides information and direction to students and parents regarding standards of behavior as well as consequences of misconduct. It remains in effect during summer school and at all school-related events and activities outside of the school year until an updated version adopted by the FWISD Board of Education becomes effective for the next school year.

Please Note: The discipline of students with disabilities who are eligible for services under federal law IDEA (Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973) is subject to the provisions of those laws.

Disclaimer

The Student Code of Conduct contains a general statement of the standards of behavior for students while at school or attending school-sponsored or school-related activities on or off school property, including conduct at a school bus stop off campus. Provisions of the Student Code of Conduct may be expanded, modified or revoked only by action of the Board of Education or a change in law; however, district administrators may interpret the Student Code of Conduct as may be needed to carry out its intended purpose and to maintain discipline in the school environment. Any changes will be effective upon adoption by the Board of Education. If any of the provisions of this Student Code of Conduct conflict with federal or state laws, rules, and regulations, or Board policy, the provision is superseded by applicable law or Board policy, then the most recently adopted provision shall control. The provisions of the Student Code of Conduct are severable and the invalidity, illegality or unenforceability of any provision will not affect the validity, legality or enforceability of the other provisions.

Accessibility

The Student Code of Conduct is available in its entirety on the Fort Worth ISD District Web site at www.fwisd.org. If you have difficulty accessing the information in this document because of disability, please contact June Davis, Director of Special Programs

Process and Standards for Student Behavior

Discipline Philosophy

These standards of student behavior are issued under the authority of the Fort Worth ISD to administer discipline whenever the interest of the District is involved, regardless of whether the misconduct occurs at school or off school grounds, including, but not limited to, school-sponsored or school-related activities away from the District, District sponsored transportation, at a bus stop or in conjunction with independent classes. Student discipline is designed to correct misconduct and encourage students to behave responsibly. It is also designed to graduate well prepared students for post-secondary education and gainful employment; and motivate all students to become productive citizens in their communities, the city of Fort Worth and the nation.

Determining Consequences

As required by law, TEC 37.0012, a person at each campus must be designated to serve as the Campus Behavior Coordinator (CBC). The designated person may be the principal of the campus or any other campus administrator selected by the principal. The Campus Behavior Coordinator is primarily responsible for maintaining student discipline. FWISD, Board Policy FOC local, delegates to the campus principal or designee the authority to administer discipline at the campus level, and delegates the authority to remove students to a District Alternative Education Program (DAEP) or expulsion to the Juvenile Alternative Education Program (JJAEP), to the office of Student Discipline and Placement. The campus behavior coordinator has the discretion to apply school-based discipline for specific violations or refer the matter to the Student Discipline and Placement department for review. The sequence of disciplinary action begins with the minimum disciplinary action and may progress to the more serious disciplinary consequences established in this code. The campus behavior coordinator must consider whether the student acted in self-defense, the intent or lack of intent at the time the student engaged in the conduct, the student’s disciplinary history, and whether the student has a disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct, regardless of whether the decision of the campus behavior coordinator concerns a mandatory or discretionary action. The disciplinary action will draw on the professional judgment of teachers, principals or
designee and on a range of disciplinary management techniques, including restorative discipline practices. The consequence decision will be based on these factors, as well as the specific circumstances unique to the situation and the individual student involved.

All examples of misconduct and disciplinary consequences shown are guidelines on which the campus behavior coordinator will rely to assist in making a disciplinary decision. These guidelines are not intended to be determinative of length of placement, infractions or consequences.

A resolution of inappropriate behavior may require application of more than one consequence. A student, who violates classroom or campus rules, but not Student Code of Conduct rules, may be disciplined by one or more of the discipline management techniques. For non-Student Code of Conduct violations, the teacher is not required to make a Student Code of Conduct violation report, and the principal is not required to notify the parents or guardians. Behavior management techniques will be administered in such a manner as to preserve the dignity and self-esteem of the student, without demeaning or humiliating the student.

**Reporting Crimes**

*The principal or campus behavior coordinator and other school administrators as appropriate shall report crimes and/or the suspicion of any crimes committed on campus or any school/sponsored related activity as required by law, and shall call local law enforcement.*

There are major problem categories that not only violate school rules but state and local laws as well. When inappropriate behavior violates laws, a school campus behavior coordinator will take appropriate disciplinary action as well as make a report to local law enforcement. Any action law enforcement authorities might take would be in addition to action taken by the school. A student may be cited or arrested. If the student is arrested, the parent/guardian entitled to notice should be notified in a timely manner, by phone or in person. Law enforcement may transport the student to the Tarrant County Juvenile Detention Center and/or Mansfield City Jail. Disciplinary consequences for students with disabilities will follow the student’s Behavior Intervention Plan, if one exists, and applicable federal and state law and guidelines except as provided by Section 37.007(e), in the Texas Education Code, the Student Code of Conduct is not required to specify a minimum term of removal under Section 37.006 or an expulsion under Section 37.007.

**Unauthorized Persons**

In accordance with Education Code 37.105, a school administrator, school resource officer (SRO), or district police officer shall have the authority to refuse entry or eject a person from district property if the person refuses to leave peaceably on request and:

1. The person poses a substantial risk of harm to any person; or
2. The person behaves in a manner that is inappropriate for a school setting, and the person persists in the behavior after being given a verbal warning that the behavior is inappropriate and may result in refusal of entry or ejection.

**Student Responsibilities and Standards**

Students are responsible for all items (e.g., backpacks, purses and vehicles and the contents of such items) brought on school property or to school-related or sponsored events. The student must protect and secure all items. The student is responsible for any contraband found on his/her person or in the student’s personal belongings. Students must carefully inspect items in their possession or control, including a family and/or multi-person owned/used vehicle, before bringing it on school property or to school-related events. Items such as tobacco products, illegal drugs, firearms, other weapons, firecrackers, destructive devices or anything else that might reasonably be a threat to safety or security, or disruptive to the educational process will be seized and removed from a student’s possession or control.

For the protection of all blanket inspections and searches of school property, including lockers and desks, for prohibited items may be conducted. In general, searches of students’ persons (other than strip searches) may be conducted when there is a reasonable ground for suspecting that the search will uncover evidence of a rule violation or a criminal violation.

District personnel are prohibited from having a student remove or arrange some or all of his or her clothing so as to permit an inspection of the genitals, body cavities, or undergarments of the student or the chest of a female student.

Students are required to respect the rights and privileges of other students, teachers, staff, volunteers and visitors to the campus. All students are expected to conduct themselves in accordance with the expectations set out in this code and common courtesies.
Students shall exercise their rights responsibly in compliance with the Student Code of Conduct and Board Policy. Students are required to report in good faith any misconduct by employees and other students. Students who violate the rights of others or who violate district, campus or classroom rules shall be subject to disciplinary action. School rules, and the authority of the District to administer discipline, apply whenever the interest of the school is involved on or off school grounds (including activities in conjunction with or independent of classes and school-sponsored activities).

The school has the authority to administer discipline whenever the interest of the school is involved, on or off school property, in conjunction with or independent of classes and school-sponsored activities.

The District disciplinary authority applies:

1. During the regular school day and while the student travels to and from school, including conduct at a school bus stop off campus.
2. While students are participating in any activity during the school day on school grounds.
3. Within 300 feet of school property.
4. While students attend any school-related activity, regardless of time or location.

14. Administrators, teachers and other professional personnel may question a student regarding the student’s own conduct or the conduct of other students. In the context of school discipline, students have no claim to the right not to incriminate themselves.

**District Responsibility**

**Transportation**

The driver of a school bus transporting students to or from school or a school-sponsored or school-related activity may send a student to the principal’s office to maintain effective discipline on the school bus. The campus behavior coordinator shall respond by employing appropriate discipline management techniques consistent with the student code of conduct.

Students must understand that school buses and all vehicles owned or operated by the District are an extension of the school campus. The privilege of riding a school bus or any vehicle owned or operated by the District can be temporarily or permanently denied.

Students are expected to:

Students with Disabilities
(Board Policy FOF)

The placement of a student with a disability who receives special education services may be made only by a duly constituted admission, review, and dismissal (ARD) committee. Any disciplinary action regarding the student shall be determined in accordance with federal law and regulations. Education Code 37.004. The methods adopted in the Student Code of Conduct for discipline management and for preventing and intervening in student discipline problems must provide that a student who receives special education services may not be disciplined for bullying, cyberbullying, harassment, or making hit lists until an ARD committee meeting has been held to review the conduct. Education Code 37.001(b-1)

Notice of Procedural Safeguards

Not later than the date on which the decision to take the disciplinary action is made, the District shall notify the student’s parents of the decision and of all procedural safeguards.

Manifestation Determination

Within ten school days of any decision to change the placement of a student because of a violation of a code of student conduct, the District, parents, and relevant members of the ARD committee (as determined by the parent and the District) shall review all relevant information in the student’s file, including the student’s IEP, any teacher observations, and any relevant information provided by the parents to determine whether the conduct in question was:
1) Caused by, or had a direct and substantial relationship to, the student’s disability; or
2) The direct result of the District’s failure to implement the IEP.

If the District, the parent, and relevant members of the ARD committee determine that either of the above is applicable, the conduct shall be determined to be a manifestation of the student’s disability.

Not a Manifestation

If the determination is that the student’s behavior was not a manifestation of the student’s disability, school personnel may apply the relevant disciplinary procedures to the student in the same manner and for the same duration as for students without disabilities. The ARD committee shall determine the interim alternative educational setting.

Special Circumstances

School personnel may remove a student to an interim alternative educational setting for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the student’s disability, if the student:
1) Carries or possesses a weapon to or at school, on school premises, or to or at a school function under the jurisdiction of TEA or the District; or
2) Knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school, on school premises, or at a school function under the jurisdiction of TEA or the District;
3) Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of TEA or the District.

Student Not Yet Identified

A student who has not been determined to be eligible for special education and related services and who has engaged in behavior that violated a code of student conduct may assert any of the protections provided for in the IDEA if the District had knowledge that the student had a disability before the behavior that precipitated that disciplinary action occurred.

District Knowledge

The District shall be deemed to have knowledge that a student has a disability if, before the behavior that precipitated the disciplinary action occurred:
1) The parent of the student expressed concern in writing to supervisory or administrative personnel of the District, or to the teacher of the student, that the student was in need of special education and related services; 
2) The parent requested an evaluation of the student for special education and related services; or 
3) The student’s teacher, or other District personnel, expressed specific concerns about a pattern of behavior demonstrated by the student directly to the special education director or to other supervisory personnel of the District.

**Exception**

The District shall not be deemed to have knowledge that the student had a disability if:
1) The parent has not allowed an evaluation of the student; 
2) The parent has refused services; or 
3) The student has been evaluated and it was determined that the student did not have a disability.

If the District does not have knowledge (as described above), before taking disciplinary measures, that a student has a disability, the student may be subjected to the same disciplinary measures applied to students without disabilities who engaged in comparable behaviors.

However, if a request is made for an evaluation during the time period in which the student is subjected to disciplinary measures, the evaluation shall be conducted in an expedited manner. Until the evaluation is completed, the student shall remain in the educational placement determined by school authorities.

**General Misconduct Violations**

General misconduct violations will not necessarily result in the formal removal of the student from class or another placement, but may result in a routine referral to the office where the student may receive other discipline management techniques. The schools may impose campus and classroom rules that will govern a student’s conduct, in addition to those found in the Student Code of Conduct.

These local and classroom rules may be listed in the school student handbook or posted in classrooms. Violations may or may not constitute violations of the Student Code of Conduct.

Students are prohibited from:
1) Cheating or copying the work of another.

**Consequences**

The general misconduct identified above will result in the application of one or more discipline management techniques. Violations will be reported to the campus behavior coordinator who will promptly notify the parent or guardian entitled to receive notice as recorded on school records.
Discipline Management Techniques

The following discipline management techniques may be used alone or in combination or as part of progressive interventions for Student Code of Conduct violations:

- Verbal correction
- Cooling-off time or “time-out”
- Seating changes in the classroom
- Student-parent-teacher conferences
- Confiscation of items that disrupt the educational process
- Grade reductions as permitted by policy
- Counseling by teacher, counselor or administrative personnel
- Detention
- Mediation
- Restorative circles (circles can be used to establish a respect agreement, building school community, repairing harm, decision making strategies and/or teaching content.)

Note: A student shall be disciplined when necessary to improve the student’s behavior, to maintain order, or to protect other students, school employees, or property. A student shall be treated fairly and equitably. The campus behavior coordinator must consider whether the student acted in self-defense, the intent or lack of intent at the time the student engaged in the conduct, the student’s disciplinary history, and whether the student has a disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct, regardless of whether the decision of the campus behavior coordinator concerns a mandatory or discretionary action.

Physical Restraint

Any district employee may, within the scope of the employee’s duties, use and apply appropriate physical restraint to a student that the employee reasonably believes is necessary in order to:

1) Protect a person, including the person using physical restraint, from physical injury.
2) Gain control of a weapon or other dangerous object.
3) Prevent a student from fleeing when fleeing would put the student or others in danger.
4) Protect property from serious damage.
5) Remove from a specific location a student refusing a directive or command of a school employee, including from a classroom or other school property, in order to restore order or impose disciplinary measures. (However, an employee is not allowed to use physical restraint as a disciplinary measure; corporal punishment is prohibited.)
6) Restrain an irrational student. Irrational is defined for these purposes as the inability to think and reason clearly or logically.

Informal Removal from the Classroom by the Teacher
Chapter 37.002-Texas Education Code

A teacher may send a student to the campus behavior coordinator’s office to maintain effective discipline in the classroom. Any removal of a student by a teacher for misbehavior requires that the teacher report the offense to the campus behavior coordinator. The student will not be returned to the same class, during the same period, before the campus behavior coordinator has employed appropriate discipline management techniques consistent with the Student Code of Conduct that can reasonably be expected to improve the student’s behavior. If the student’s behavior does not improve, the campus behavior coordinator shall employ alternative disciplinary management techniques, including any progressive interventions designated as the responsibility of the campus behavior coordinator in the student code of conduct.

Of course, misconduct deemed sufficiently serious, including criminal misconduct, may result in more serious consequences.

Formal Removal from the Classroom by the Teacher
Chapter 37.002-Texas Education Code

A teacher may also initiate a formal removal from class if:

1. The student’s behavior has been documented by the teacher to repeatedly interfere with the teacher’s ability to communicate effectively with the students in the class or with the ability of the student’s classmates to learn; or
2. The student’s behavior is so unruly, disruptive, or abusive that it seriously interferes with the teacher’s ability to communicate effectively with the students in the class or with the ability of the student’s classmates to learn.

If the teacher formally removes a student from class, the principal may place the student into another appropriate classroom, into in-school suspension, or into a DAEP. The principal may not return the student to that teacher’s class without the teacher’s consent unless the committee established under section 37.003, determines that such placement is the best or only alternative available. The terms of the removal may prohibit the student from attending or participating in school-sponsored or school related activities.

A teacher shall remove from class and send to the principal for placement in a DAEP or for expulsion to JJAEP, as appropriate, a student who engages in conduct described under section 37.006 or 37.007. The student may not be returned to that teacher’s class without the teacher’s consent unless the committee established under section 37.003, determines that such placement is the best or only alternative available. The terms of the removal may prohibit the student from attending or participating in school-sponsored or school related activities. If the teacher removed the student from class because the student has engaged in the elements of any offense listed in section 37.006(a)(2)(B), assault or section 37.007(a)(2)(A) or (b)(2)(C), aggravated assault, sexual assault, aggravated sexual assault against the teacher, the student may not be returned to the teacher’s class without the teacher’s consent. The teacher may not be coerced to consent.

Placement Review Committee TEC 37.003

Each school shall establish a three-member committee to determine placement of a student when a teacher refuses the return of a student to the teacher’s class. Members shall be appointed as follows:

- The campus faculty shall choose two teachers to serve as members and one teacher to serve as an alternate member, the teacher refusing to readmit the student may not serve on the committee.
- The principal shall choose one member from the professional staff of a campus.

The purpose of this committee is to determine placement of a student when a teacher refuses the return of a student to the teacher’s classroom and to make recommendations to the district regarding re-admission of expelled students.

Parent(s) and/or Guardian(s) Concerns

Parent(s) and/or guardian(s) questions or complaints regarding disciplinary measures should be addressed to the teacher or campus administration, as appropriate and in accordance with policy FNG (Local). District policies are available for public inspection at each campus or through Board Policy Online at www.fwisd.org. Consequences will not be deferred pending the outcome of a complaint.
Suspensions

Considerations in Decision

Before ordering an in-school or out-of-school suspension, the campus behavior coordinator must consider:

1) whether the student acted in self-defense,
2) the intent or lack of intent at the time the student engaged in the conduct,
3) the student’s disciplinary history or
4) a disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct, regardless of whether the decision of the campus behavior coordinator concerns a mandatory or discretionary action.

TEC Section 37.001 (a)(4)

Notification

The campus behavior coordinator shall promptly notify the student’s parent or guardian by phone or in person of any violation that may result in in-school or out-of-school suspension, placement in a DAEP, placement in a JJAEP, or expulsion. The campus behavior coordinator shall also notify a student’s parent if the student is taken into custody by a law enforcement officer under the disciplinary provisions of the Education Code. A good faith effort must be made to provide written notice of the disciplinary action to the student, on the day the action is taken, for delivery to the student’s parent or guardian. If a parent or guardian has not been reached by phone or in person by 5pm of the first business day after the day the disciplinary action is taken, the campus behavior coordinator shall mail a written notice of the action to the parent or guardian at the parent’s or guardian’s last known address by U.S. Mail.

In-School Suspension

A student may, at the discretion of the principal or other appropriate administrator, be placed in an in-school suspension program. If such placement is determined to be appropriate, the parent and/or guardian will be notified by the school administrator before the student placement becomes official. Before a student under 18 is assigned to detention out-side regular school hours, notice shall be given to the student’s parent and or guardian to inform him or her of the reason for the detention and permit arrangements for necessary transportation.

Out-of-School Suspension

State law allows a regular education student to be suspended for as many as three (3) school days per behavior violation, with no limit on the number of times a student may be suspended in a semester or school year. If a student receives OSS suspension for a partial school day, that partial day is considered one of three total allowable OSS days. A suspension may not exceed 3 school days. TEC 37.005. For students who are served in special education with an Individualized Education Program (IEP), once the student has been suspended for 10 full or partial days during the school year, an Admission, Review, and Dismissal (ARD) meeting must be conducted prior to further suspension in order to determine if the proposed suspension in an allowable disciplinary action.

A student in grade 3 or below shall not be placed in out-of-school suspension unless, while on school property or while attending a school-sponsored or school-related activity on or off school property, the student engages in:

• Conduct that contains the elements of a weapons offense, handgun, knuckles, as provided in Penal Code Section 46.02 or 46.05;
• Conduct that contains the elements of assault, sexual assault, aggravated assault, or aggravated sexual assault, as provided by the Penal Code; or
• Selling, giving, or delivering to another person or possessing, using, or being under the influence of any amount of marijuana, an alcoholic beverage, or a controlled substance or dangerous drug as defined by federal or state law.

The district shall use a positive behavior program as a disciplinary alternative for students in grade 3 or below.

The district expects to limit out-of-school suspensions, in the near future, for students in grade 5 and below that do not fall within the exceptions listed above.

Any student placed in an out-of-school suspension is prohibited from being on any other school campus or from attending any school-sponsored or school related activities during the suspension period.

On Campus Intervention Program

A student may be placed in the On-Campus Intervention program for six (6) successive school days for any offenses listed under Level I and/or Level II discretionary offenses, whether committed on or within 300 feet of school property or while attending a school sponsored or school related activity on or off school property.
Students placed in OCI are prohibited from being on any other school campus or from attending any school-sponsored or school-related activities during their OCI placement. Disobeying this directive could result in further disciplinary action.

**Student Removals**

In some cases, the offense may also meet the definition of conduct which warrants a suspension pending a Conference or hearing to determine placement in a Level II Disciplinary Alternative Education Program (DAEP) or Level III expulsion to the Juvenile Justice Alternative Education Program (JJAEP).

**Considerations in Decision**

Before ordering a suspension pending a recommendation for removal to DAEP and/or expulsion to JJAEP, the campus behavior coordinator must consider:

1. whether the student acted in self-defense,
2. the intent or lack of intent at the time the student engaged in the conduct,
3. the student’s disciplinary history or
4. a disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct, regardless of whether the decision of the campus behavior coordinator concerns a mandatory or discretionary action.

**Notification**

The campus behavior coordinator shall promptly notify the student’s parent or guardian by phone or in person of any violation that may result in in-school or out-of-school suspension, placement in a DAEP, placement in a JJAEP, or expulsion. The campus behavior coordinator shall also notify a student’s parent if the student is taken into custody by a law enforcement officer under the disciplinary provisions of the Education Code. A good faith effort must be made to provide written notice of the disciplinary action to the student, on the day the action is taken, for delivery to the student’s parent or guardian. If a parent or guardian has not been reached by phone or in person by 5pm of the first business day after the day the disciplinary action is taken, the campus behavior coordinator shall mail a written notice of the action to the parent or guardian at the parent’s or guardian’s last known address by U.S. Mail.

Following notice of an incident that potentially violates the Student Code of Conduct and/or state law, and may require the student’s removal to a DAEP or JJAEP, the campus behavior coordinator shall within three days following knowledge of the alleged incident:

1. Conduct a thorough investigation, by permitting the accused student the opportunity to explain his or her version of the incident.
2. Collect witness statements from faculty and students, for and against the accused student.
3. Assign the student back to class, to in-house suspension or unsupervised home-based instruction.
4. Contact the Student Discipline and Placement Department if the incident warrants a Central Office Conference or Hearing.
5. If a removal from the regular school setting is warranted, promptly notify the student and student’s parents or guardians of the time, date and location for the conference or hearing.

**Bullying, Dating Violence, Discrimination, Gender-Based Harassment, Sexual Harassment and Retaliation**

The purpose of the Board-established policies and procedures is to prohibit and promptly identify any offensive behavior directed toward a person because of that person’s race, color, religion, gender, sexual orientation, gender identity and expression, national origin, disability or any other basis prohibited by law.

**Bullying (Board Policy FFI)**

Bullying means a single significant act or a pattern of acts by one or more students directed at another student that exploits an imbalance of power and involves engaging in written or verbal expression, expression through electronic means, or physical conduct and that the behavior:

1. Has the effect or will have the effect of physically harming a student, damaging a student’s property, or placing a student in reasonable fear of harm to the student’s person or of damage to the student’s property; or
2. To be sufficiently severe, persistent or pervasive enough that the action or threat creates an intimidating, threatening, or abusive environment for a student.
3. Materially and substantially disrupts the educational process or the orderly operation of a classroom or school; or
4. Infringes on the rights of the victim at school and includes cyberbullying.
This conduct is considered bullying if it:

1) Exploits an imbalance of power between the student perpetrator and the student victim through written or verbal expression or physical conduct.
2) Interferes with a student’s education or substantially disrupts the operation of a school or school-sponsored or school related activity.

Examples:
Bullying of a student may include hazing, threats, taunting, teasing, confinement, assault, demands for money, and destruction of property, theft of valued possessions, name calling, rumor spreading, and ostracism.

Cyberbullying means bullying that is done through the use of any electronic communication device, including through the use of a cellular or other type of telephone, a computer, a camera, electronic mail, instant messaging, text messaging, a social media application, an Internet website, or any other Internet-based communication tool.

This conduct is considered cyberbullying if:

1) Bullying that occurs on or is delivered to school property or to the site of a school-sponsored or school-related activity on or off school property;
2) Bullying that occurs on a publicly or privately owned school bus or vehicle being used for transportation of students to or from school or a school-sponsored or school-related activity;
3) Cyberbullying that occurs off school property or outside of a school-sponsored or school-related activity if the cyberbullying:
   a) interferes with a student's educational opportunities; or
   b) substantially disrupts the orderly operation of a classroom, school, or school-sponsored or school-related activity.

Students are prohibited from sending or posting electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another’s reputation, or illegal. This prohibition applies to conduct off school property if it results in a substantial disruption to the educational environment. Any person taking, disseminating, transferring, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or photographs will be disciplined according to the Student Code of Conduct and may, in certain circumstances, be reported to law enforcement.

Students and parents should also know it is a crime to, without permission, impersonate someone in creating a website or sending a message on a social networking site. The penalty for this offense is increased if the message threatens harms or intimidates someone.

District Action and Investigation Procedures for Bullying

A report may be made orally or in writing. The campus behavior coordinator shall reduce any oral reports to written form. The campus behavior coordinator shall determine whether the allegations in the report if proven, would constitute prohibited conduct as defined by policy FFH, including dating violence and harassment or discrimination on the basis of race, color, religion, gender sexual orientation, gender identity and expression, national origin, or disability. If so, the District shall proceed under policy FFH. If the allegation could constitute both prohibited conduct and bullying, the investigation under policy FFH shall include a determination on each type of conduct. The campus behavior coordinator shall conduct an appropriate investigation based on the allegations in the report. The campus behavior coordinator shall promptly take interim action calculated to prevent bullying during the course of an investigation, if appropriate. Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the incident report alleging bullying; however, the campus behavior coordinator shall take additional time if necessary to complete a thorough investigation.

The campus behavior coordinator shall prepare a final, written report of the investigation. The report shall include a determination of whether bullying occurred, and if so, whether the victim used reasonable self-defense.

If an incident of bullying is confirmed, the campus behavior coordinator shall promptly notify the parents of the victim on or before the third business day after the incident is reported. The alleged bully’s parent is to be notified within a reasonable time. If the results of an investigation indicate that bullying occurred, the District shall promptly respond by taking appropriate disciplinary action in accordance with the District’s Student Code of Conduct and may take corrective action reasonably calculated to address the conduct. A student who is a victim of bullying and who used reasonable self-defense in response to the bullying shall not be subject to disciplinary action.
Examples of corrective action may include, but are not limited to, a training program for the individuals involved in the complaint, a comprehensive education program for the school community, follow-up inquiries to determine if any new incidents or any instances of retaliation have occurred, involving parents and students in efforts to identify problems and improve the school climate, increasing staff monitoring of areas where bullying has occurred, and reaffirming the District’s policy against bullying. The campus behavior coordinator shall notify the victim, the student who engaged in bullying, and any students who witnessed the bullying of available counseling options. To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosure may be necessary in order to conduct a thorough investigation. If the investigation reveals improper conduct that did not rise to the level of prohibited conduct or bullying, the District may take disciplinary action in accordance with the Student Code of Conduct or other corrective action reasonably calculated to address the conduct.

The District may transfer the student who engaged in bullying to:

1. Another classroom on the same campus, other than the class to which the victim was assigned at the time the bullying occurred.

2. A campus in the District other than the campus to which the victim was assigned at the time the bullying occurred, in consultation with parent or guardian of the student who engaged in bullying.

The District is not required to provide transportation to the student transferred under this section.

A student enrolled in a special education program cannot be disciplined for bullying harassment or making a hit list until an Admission, Review and Dismissal (ARD) committee convenes to review the student’s conduct. The discipline of a student with disability is subject to applicable state and federal law in addition to the Student Code of Conduct.

Dating violence is considered prohibited harassment if the conduct is so severe, persistent, or pervasive that the conduct affects a student’s ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the purpose of effect of substantially or unreasonably interfering with the student’s academic performance; or otherwise adversely affects the student’s educational opportunities.

Examples:
Dating violence against a student may include physical or sexual assaults; name-calling, slurs or rumors; or threats directed at the student, the student’s family members, or members of the student’s household. Additional examples may include destroying property belonging to the student; threatening injury and/or death if the student ends the relationship; attempting to isolate the student from friends and family; stalking; threatening a student’s spouse or current dating partner; or encouraging others to engage in these behaviors.

Examples:
Gender-based harassment directed against a student, regardless of the student’s or the harasser’s actual or perceived sexual orientation or gender identity and expressions, may include offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; threatening or intimidating conduct; or other kinds of aggressive conduct such as theft or damage to property.

2) Has the purpose or effect of substantially or unreasonably interfering with the student’s academic performance; or
3) Otherwise adversely affects the student’s educational opportunities.

Examples:
Sexual harassment of a student may include sexual advances; touching intimate body parts or coercing physical contact that is sexual in nature; jokes or conversations of sexual nature; and other sexually motivated conduct, communications, or contact.

Retaliation (Board Policy FFH)

The District prohibits retaliation by a student or District employee against any person who in good faith makes a report of bullying, dating violence, discrimination, gender-based harassment, serves as a witness, or participates in an investigation.

Examples:
Retaliation may include threats, rumor spreading, ostracism, and assault, destruction of property, unjustified punishments, or unwarranted grade reductions.

District Action and Investigation Procedures for Harassment/Dating Violence

Any student who believes that he or she has experienced prohibited conduct or believes that another student has experienced prohibited conduct should immediately report the alleged acts to a teacher, counselor, principal, or other District employee (see page 38).

The investigation may consist of personal interviews with the person making the report, the person against whom the report is filed, and others with knowledge of the circumstances surrounding the allegations. The investigation may also include analysis of other information or documents related to the allegations.

If the results of an investigation indicate that prohibited conduct occurred, the District shall promptly respond by taking appropriate disciplinary action in accordance with the Student Code of Conduct and may take corrective action reasonably calculated to address the conduct.

Examples of corrective action may include a training program for those involved in the complaint, a comprehensive education program for the school community, counseling to the victim and the student who engaged in prohibited conduct, follow-up inquiries to determine if any new incidents or any instances of retaliation have occurred, involving parents and students in efforts to identify problems and improve the school climate, increasing staff monitoring of areas where harassment has occurred, and reaffirming the District’s policy against discrimination, violence and harassment.

Timely Reporting

Reports of bullying, dating violence, discrimination, gender-based harassment shall be made immediately after the alleged act or knowledge of the alleged act. Failure to make a report may impair the District’s ability to investigate and address the prohibited conduct. To obtain assistance and intervention, any student who believes that he or she has experienced bullying, dating violence, discrimination, gender-based harassment or believes that another student has experienced bullying, dating violence, discrimination, gender-based harassment should immediately report the alleged acts to a teacher, counselor, principal, or District employee.

Level II Central Rules and Procedures for Removals to DAEP

(Board Policy FOC LOCAL)

Nothing in this policy shall be construed to require proof beyond a reasonable doubt at the conference or hearing panel level. The actions contemplated herein are not penal in nature and are merely administrative determinations. This process is separate from any additional proceedings required by law, by juvenile or adult court. Any student being recommended for DAEP placement from the violations of Level II must complete the following procedures.
Central Office Conference
The Board delegates to the Student Discipline and Placement Department and its administrators the authority to remove a student to a Disciplinary Alternative Education Program (DAEP). The conference shall be held “de novo,” and the hearing officer shall not be bound by the findings or conclusions of any prior hearings, procedures or decisions.

Conference Rules and Procedures
The hearing officer shall conduct a conference for a student who is being recommended for placement in a Level II DAEP. The hearing officer must consider whether the student acted in self-defense, the intent or lack of intent at the time the student engaged in the conduct, the student’s disciplinary history or a disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct, regardless of whether the decision of the hearing officer concerns a mandatory or discretionary action. When possible, this conference shall be held within three days of the time of the offense. If after notice is provided to the student and the parent/guardian regarding the time and location of the conference, the hearing officer may hold the conference regardless of whether the student or student’s parent/guardian attends. During the conference, the following procedures may be followed:

1) Advise the student of the conduct or offense with which he/she is charged.
2) Permit the student the opportunity to explain his/her version of the incident.
3) Permit the student to have adult or legal representation. The District may be represented by an employee or legal counsel.
4) Written statements from witnesses or parties may be introduced.
5) No formal rules of evidence will be observed. Each party in turn, beginning with the District, shall be permitted to develop or defend the charge, present evidence and request appropriate action of the central hearing officer.
6) The hearing officer shall be and remain impartial and assist the parties in developing all the facts and evidence in order to present a full account of the incident. The hearing officer’s decision will be based upon a consideration of the credible evidence offered and the discipline philosophy of the District. If the student is expelled to JJAEP, not later than the second business day after the hearing, the Board’s designee will deliver to the Juvenile Court a copy of the order placing a student in at JJAEP and information required by Section 52.04 of the Family Code.
7) From the time of the decision of the central hearing officer to place a student in a disciplinary alternative education program, the student must enroll in the disciplinary alternative education program. Even if an appeal is made by the student, parent(s), or guardian(s), the student must remain in the disciplinary alternative education program until a final decision is made.
8) The Student Discipline and Placement Department reserves the right to modify or revise the length of placements and determine the level of offense, as deemed appropriate under the circumstances present in each case.

Record
All proceedings shall be electronically recorded or a stenographic record made to preserve a verbatim transcript of the hearing for appeal purposes.

Special Note Regarding Placement Extensions
A student placed in a DAEP may be subject to a placement extension for any of the following reasons:

1) Failure to register and attend the DAEP immediately following placement notification;
2) Absences during placement at the DAEP or suspensions due to persistent and/or serious misbehavior; or the student engages in additional conduct for which placement in DAEP is required or permitted.

Level II – Student Right of Appeal
A student or a student’s parent(s) and/or guardian(s) may appeal, in writing a Level II DAEP to a Hearing Panel or designee appointed by the superintendent. This written appeal must be delivered to the Office of Legal Services within five working days after receiving notification of the alternative education placement. Parent(s) and/or guardian(s) may also submit any information they believe is relevant to the appeal.

The proceeding before the Hearing Panel will be closed to the public. Closed proceedings shall be attended only by the parties, representatives, parent(s) or guardian(s) of a student, proceeding personnel and a stenographer, if required.
**Record**

All proceedings shall be recorded by electronic or stenographic method to preserve a verbatim transcript of the hearing for appeal purposes.

**Superintendent’s Hearing Panel Procedures**

The superintendent delegates all fact-finding authority to a Hearing Panel or designee. This panel is appointed by the superintendent for hearing an appeal of a DAEP placement for Level II only, and to establish a written record for review. The superintendent’s Hearing Panel or designee shall conduct an informal proceeding no later than ten business days after receipt of the written request for an appeal. At this informal proceeding, the following procedures shall be followed:

1. The parent(s) and/or guardian(s) of the student shall be notified and requested to attend and participate in the proceeding.
2. The student shall be permitted the opportunity to explain his or her version of the incident.
3. The student shall be permitted to have adult or legal representation. An employee or legal counsel may also represent the District.
4. Written statements from witnesses and parties may be introduced as evidence.
5. No formal rules of evidence will be observed. Each party in turn, beginning with the student or parent(s) and/or guardian(s), shall be permitted to develop or rebut the evidence, present witness statements or other evidence, and recommend appropriate action to the Hearing Panel or designee.
6. The Hearing Panel or designee shall remain impartial and assist the parties in developing all of the facts and evidence in order to present a full account of the incident and shall render a decision in the matter.
7. The Hearing Panel or designee shall render a decision that determines whether the student violated the Student Code of Conduct and the appropriate duration of placement in a DAEP.
8. The decision of the panel or designee may be announced to the participants, but written notice of the decision shall be rendered to all parties within five working days following the proceeding.

**Final Appeal**

A student or a student’s parent(s) or guardian(s) may request that the Superintendent, who is the Board’s designee, review the record of the Hearing Panel proceedings. The written request must be delivered to the Superintendent’s office within five working days after receiving notification of disciplinary alternative education placement. The Superintendent may also investigate and request additional information that was not presented at the original conference or hearing before the Hearing Panel. If after the review, the Superintendent determines that the reasons given in support of the disciplinary alternative education placement are sound and substantiated, the Superintendent shall issue a written notice informing the parent(s) or guardian(s) of his or her decision to sustain the placement within three working days from the conclusion of the review. The Superintendent may also take any action deemed appropriate to modify or overturn the placement and shall notify the parent(s) or guardian(s) promptly of the decision in this regard. Any decision by the Superintendent is final and may not be appealed. Noncustodial parents and/or guardians may request in writing a copy of any written notification relating to a student’s placement in a DAEP or expulsion from school that is generally provided by the District to a student’s parents.

❖ location-restricted knife, such as knife with a blade over 5 1/2 inches;
❖ A club
❖ A prohibited weapon, such as an explosive weapon; a machine gun; a short-barrel firearm; a firearm silencer; knuckles, or armor-piercing ammunition; a chemical dispensing device; an improvised explosive device or a zip gun.
❖ Use, exhibition or possession of a tire deflation device, as defined in part by section 46.01 of the Texas Penal Code.

Level III Hearings Rules and Procedures for Expulsions to DAEP or JJAEP

(Board Policy FOC LOCAL)

Nothing in this policy shall be construed to require proof beyond a reasonable doubt at the hearing or hearing panel level. The actions contemplated herein are not penal in nature and are merely administrative determinations. This process is separate from any additional proceedings required by law, by juvenile or adult court. Any student being recommended for JJAEP expulsion from the violations of Level III must complete the following procedures.

Central Office Hearing

The Board delegates to the Student Discipline and Placement Department and its administrators the authority to expel a student to JJAEP. The hearings shall be held “de novo,” and the hearing officer shall not be bound by the findings or conclusions of any prior hearings, procedures or decisions.

Hearing Rules and Procedures

The hearing officer shall conduct a hearing for a student who is being recommended for expulsion to JJAEP. The hearing officer must consider whether the student acted in self-defense, the intent or lack of intent at the time the student engaged in the conduct, the student’s disciplinary history or a disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct regardless of whether the decision of the hearing officer concerns a mandatory or discretionary action. When possible this hearing shall be held within three days of the time of the offense. After notice is provided to the student and the parent/guardian regarding the time and location of the hearing, the hearing officer may hold the hearing regardless of whether the student or student’s parent/guardian attends. During the hearing, the following procedures shall be followed:

1) Advise the student of the conduct or offense with which he/she is charged.
2) Permit the student the opportunity to explain his/her version of the incident.
3) Permit the student to have adult or legal representation. The District may be represented by an employee or legal counsel.
4) Written statements from witnesses or parties may be introduced.
5) No formal rules of evidence will be observed. Each party in turn, beginning with the District, shall be permitted to develop or defend the charge, present evidence, and request appropriate action of the hearing officer.
6) The hearing officer shall be and remain impartial and assist the parties in developing all the facts and evidence in order to present a full account of the incident. The hearing officer shall render a decision based upon a consideration of the preponderance of the credible evidence offered. If appropriate, not later than the second business day after the hearing, the Board’s designee will deliver to the juvenile court a copy of the order placing a student at JJAEP and information required by Section 52.04 of the Family Code.

7) From the time of the decision of the central hearing officer to place a student in a Juvenile Justice alternative education program, the student must enroll in the Juvenile Justice disciplinary alternative education program. Even if an appeal is made by the student, parent(s), or guardian(s), the student must remain in the disciplinary alternative education program until a final decision is made.

8) The Student Discipline and Placement Department reserves the right to modify or revise the length of placements and determine the level of offense, as deemed appropriate under the circumstances present in each case.

Record

All proceedings shall be electronically recorded or a stenographic record made to preserve a verbatim transcript of the hearing for appeal purposes.

Special Note Regarding Placement Extensions

A student expelled to JJAEP may be subject to a placement extension for any of the following reasons:

1) Failure to register and attend the JJAEP immediately following placement notification.

2) Absences during placement at the JJAEP or suspensions due to persistent and/or serious misbehavior or or the student engages in additional conduct for which expulsion to JJAEP is required or permitted.

3) The scheduled return date would fall during testing times creating a disruption to the educational process.

Level III – Student Right of Appeal

A student or a student’s parent(s) or guardian(s) may appeal in writing a Level III expulsion to the Juvenile Justice Education Program (JJAEP), to the superintendent or designee, both of which have been designated by the Board. This written appeal must be delivered to the Superintendent’s office within five working days after receiving notification of the expulsion. Parent(s) and/or guardian(s) may also submit any information they believe is relevant to the appeal.

The superintendent or designee may also investigate and request additional information that was not presented at the original hearing. If after review, the superintendent or designee determines that the reasons given in support of the expulsion are sound and substantiated, he or she shall issue a written notice informing the parent(s) and/or guardian(s) of his or her decision to sustain the expulsion within three working days of the conclusion of the review. The superintendent or designee may also take any action he or she deems appropriate to modify or overturn the placement and will notify the parent(s) and/or guardian(s) promptly of his or her decision in this regard. If at the conclusion of the investigation, additional information is brought forth that might increase the consequence, the superintendent or designee will review (within three days) the new information with parent(s) and/or guardian(s). Following this review, the superintendent or designee will issue a final ruling. Noncustodial parent(s) and/or guardian(s) may request in writing a copy of any written notification relating to a student’s expulsion from school that is generally provided by the District to a student’s parents.

Expulsion or Placement of Certain Students in Alternative Setting

When the school receives notice that a student is required to register as a sex offender, the school “shall remove the student from the regular classroom and determine the appropriate placement.” Sex offenders who are under any form of court supervision must be placed in a Juvenile Justice Alternative Education Program (JJAEP) or Disciplinary Alternative Education Program (DAEP) for at least one semester.

Sex offenders who are not under any form of court supervision may be placed in the JJAEP or DAEP for one semester. The District may place the student in the regular classroom unless the Board of Trustees determines that the student’s presence in the regular classroom threatens the safety of others, is detrimental to the educational process or is not in the best interest of the students.

At the end of one semester placement, the Board must convene a committee to review the placement. The committee will be comprised of 1) a teacher from the regular campus; 2) the parole or probation officer, or a representative of juvenile probation; 3) an instructor from the alternative program to which the student was assigned; 4) a designee selected by the Board; 5) a counselor employed by the school. By majority vote, the committee may recommend further placement to the board. The Board must follow the committee’s recommendation unless it makes findings to the contrary. If the committee recommends
regular classroom placement, the Board must follow that recommendation unless it determines it would threaten the safety, be
detrimental or otherwise not in the best interests of students. Likewise, if the committee recommends continued alternative
placement, the Board must follow that unless it concludes that the regular classroom placement would not be threatening,
detrimental or not in the best interests of students. If the student remains in the alternative setting, a committee must conduct
another review and make another recommendation before each school year, as long as the student is in the alternative setting.

In the case of a special education student, this review must be done by the Admission, Review and Dismissal Committee
(ARDC) rather than the five-member committee outlined above, but the ARDC may request the Board to convene a committee
to assist them. The placement decision about a special education student must be done in compliance with the Individuals with
Disabilities Education Act (IDEA).

Sex offenders who are required to register and are under court supervision and who transfer to another school district during
the one-semester mandatory placement may be extended for an additional semester without the necessity of a committee
review. The new district may count the time spent towards the mandatory placement requirement. Otherwise, the placement of
transfer students is subject to the committee review process.

The alternative placement must be the DAEP unless the Memorandum of Understanding (MOU) for the JJAEP calls for
placement of such students in the JJAEP, or the court orders JJAEP placement. JJAEPS are entitled to funding for a student
placed pursuant to these provisions to the same extent as for students who are expelled for discretionary expellable offenses.

The student or the student’s parents may appeal the Board’s decision by requesting a conference with the Board, but the
conference “is limited to the factual question of whether the student is required to register as a sex offender under Chapter 62,
Code of Criminal Procedure.” The Board’s decision is final and not appealable.

Upon receipt of a “15.27” notice from law enforcement, if the superintendent determines that the employee needs the
information for educational purposes or for the protection of the person informed or others; the superintendent may send to a
school district employee having direct supervisory responsibilities over the student the information contained in the
confidential notice. This notice will not indicate whether or not a student is required to register as a sex offender.

Upon conviction, deferred prosecution, deferred adjudication or adjudication of delinquent conduct, the superintendent is to
be informed within 24 hours and the notice is to include “whether the student is required to register as a sex offender.” The
superintendent is required to pass this along within 24 hours to “all instructional and support personnel who have regular
contact with the student.” Similar notice must be given by law enforcement officials to school officials within 24 hours of
when they learn of the student’s transfer or re-enrollment in a new district or school.

Placement Details

Credit
No district academic credit will be earned for work missed during the period of expulsion/removal unless the student is
enrolled in a Juvenile Justice Education Program (JJAEP) or other district-approved program.

Coursework Notice
The parent or guardian of a student placed in DAEP shall be given written notice of the student’s opportunity to complete a
foundation curriculum course in which the student was enrolled at the time of removal and which is required for graduation, at
no cost to the student. The notice shall include information regarding all methods available for completing the coursework. The
home-school is responsible for providing AP and elective coursework not taught at the DAEP/JJAEP.

Parent(s) and/or Guardian(s) Responsibility for Students assigned to a DAEP or the JJAEP
If, as a result of a Central Office Conference or Hearing, a student is assigned a DAEP or to the JJAEP it is the responsibility
of the parent(s) and/or guardian(s) to register the student at the placement location immediately. Failure to do so may result in
court action through the School Truancy Court.

Duration of Placement for Students assigned to a DAEP or the JJAEP
The duration of placement for a DAEP and/or the JJAEP will be determined by the Student Discipline and Placement
Department with approval by the director or the director’s designee. Expelled or removed students are prohibited from being
on school grounds or attending school-sponsored or school-related activities during the period of expulsion/ removal. Students
who commit offenses that require removal/expulsion to DAEP or JJAEP at the end of the school year will be removed/expelled into the next school year to complete the term of removal/expulsion. Placement in DAEP/JJAEP may exceed one year when a review by the district determines that the student is a threat to the safety of other students or to district employees or extended placement is in the best interest of the student.

Unless otherwise specified in the placement order, days absent from a DAEP/JJAEP shall not count toward fulfilling the total number of days required in a student’s DAEP/JJAEP placement order.

**Students Under 10 Years of Age**

When a student under the age of 10 engages in behavior that is an expellable behavior, the student will not be expelled but will be placed in a Disciplinary Alternative Education Program (DAEP). The District must provide educational services in the DAEP if the student is younger than 10 years of age. Students under age 6 will not be removed from class or placed in a DAEP. Pending the outcome of the hearing, unless the student is removed under the Emergency Placement or Expulsion provisions, the student may be suspended for up to three days, placed in in-house suspension or provided an alternative arrangement.

**Transportation**

Additional transportation services:
1. Students placed in a DAEP with disabilities who have transportation designated as a related service in the student’s Individualized Education Program
2. Elementary students assigned to Insights (DAEP).
3. Students assigned to Middle Level Learning Center (DAEP) and Metro Opportunity (DAEP).

**Placement in JJAEP**

When students engage in mandatory/discretionary Level III code of conduct expulsion offenses, they are assigned to the Tarrant County Juvenile Justice Alternative Education Program (JJAEP), 3131 Sanguinet. located in Fort Worth, Texas 76107. The program is operated by Tarrant County Juvenile Service Department. Only four core academic courses are offered: English, social studies, math and science. Electives and advanced-placement courses are not offered. Students are assigned to a minimum of 90 school days, however, students whose offenses involve firearms must be assigned to 180 school days. Students assigned to JJAEP shall not be on any public school campus or attend any school activities until the student successfully completes the expulsion assignment.

The Board of Education has entered into an agreement with the Tarrant County Juvenile Board outlining the Juvenile Board’s responsibilities concerning the establishment and operation of the JJAEP and conditions on payments from the District to the Juvenile Board. Details of this relationship are defined in agreements available for public inspection upon request to the superintendent.

**Students Entering and Exiting the District While On a DAEP/JJAEP Placement**

When a student violates the District’s Student Code of Conduct in a way that requires or permits the student to be placed in a DAEP/JJAEP and the student withdraws from the District before a DAEP/JJAEP placement order is completed, the District may complete the proceedings and issue a DAEP/JJAEP placement order. If the student then re-enrolls in the District during the same or a subsequent year, the District may enforce the order at that time, less any period of the placement that has been served by the student during enrollment in another district. If the principal, or other appropriate administrator, or the Board fails to issue a DAEP/JJAEP placement order after the student withdraws, the next district in which the student enrolls may complete the proceedings and issue a DAEP/JJAEP placement order.

The District will decide on a case-by-case basis the placement of a student who enrolls in the District and was assigned to a DAEP/JJAEP in another district, including a district in another state if the behavior committed is a reason for a DAEP/JJAEP placement in the receiving district, or an open-enrollment charter school. The District may place the student in the District’s DAEP/JJAEP or a regular classroom setting. If a student expelled in another state enrolls in the District, the District may continue the expulsion under the terms of the expulsion order, may place the student in a DAEP/JJAEP for the period specified in the order, or may allow the student to attend regular classroom setting.

If a student is expelled by a district in another state for a period that exceeds one year and the District continues the expulsion or places the student in a DAEP/JJAEP, the District will reduce the period of the expulsion or DAEP/JJAEP placement so that the entire period does not exceed one year, unless after a review it is determined that the student is a threat to the safety of other students or district employees.
Any student entering the District, under supervision by the Texas Juvenile Justice Department, must complete a review meeting with the department of Student Discipline and Placement prior to enrollment.

Emergency Removal/Expulsion Placement Procedure

In an emergency, the principal or the principal’s designee may order the immediate removal/expulsion of a student when people or property is in imminent danger of harm. Not later than the tenth day after the date of the placement, the student will be given appropriate due process required for a student facing removal/expulsion-placement. If emergency removal/expulsion placement involves a student with disabilities who receives special education services, the term of the student’s emergency removal is subject to the requirements of federal law.

Students Referred to Juvenile Court

The juvenile court will notify the Student Discipline and Placement Department if:

1) Prosecution of the student’s case was refused for lack of prosecutorial merit or insufficient evidence and no formal proceedings, deferred adjudication or deferred prosecution will be initiated; or
2) The court or jury found the student not guilty or made a finding that the child did not engage in delinquent conduct or conduct indicating a need for supervision resulting in the case being dismissed with prejudice. The superintendent or designee will review the student’s placement in the Disciplinary Alternative Education Program (DAEP). The student may not be returned to the regular classroom pending the review. The superintendent or designee will schedule a review of the student’s placement with the student and the student’s parent(s) and/or guardian(s) no later than the third day after the superintendent or designee receives a notice from the juvenile court. After reviewing the notice and receiving information from the student’s parent(s) and/or guardian(s), the superintendent or designee may continue the student’s placement in the DAEP if there is reason to believe that the presence of the student in the regular classroom threatens the safety of other students or teachers. The student may not return to the regular classroom pending the appeal. The student or the student’s parent or guardian may appeal the decision regarding continued placement in a DAEP to the Board.

Suspension/Placement Restrictions

Any student required to attend a DAEP, expelled to JJAEP or suspended from a regular school setting is prohibited from being on school grounds or attending school-sponsored or school-related activities during the period of removal and/or expulsion.

Extra-Curricular Activities

The decision of the central hearing officer is limited to whether a student violated the Student Code of Conduct and, if applicable, when the student may return to his/her home school. All other matters, including a student’s eligibility for school-sponsored or school related extracurricular or non-curricular activities are not within the scope of this decision. See Fort Worth ISD’s Athletic Activity Handbook and Board Policy FM (Local). State law prohibits students placed in a Disciplinary Alternative Education Placement (DAEP) for disciplinary reasons from attending or participating in school-sponsored or school-related extracurricular activities or non-curricular activities during the period of placement including seeking or holding honorary positions and/or membership in school-sponsored clubs and organizations. With the approval of the Principal and Superintendent, a sponsor or a coach of an extracurricular activity may develop and enforce standards of behavior that are higher than the District-developed Student Code of Conduct and may condition membership or participation in the activity on adherence to those standards. See Fort Worth ISD’s Athletic Activity Handbook and Board Policy (FNC- LOCAL).

A student assigned to a DAEP for any violation of school board policy or the Student Code of Conduct shall also be ineligible to participate in any extracurricular activities during the DAEP placement and following the return to his/her home school or to hold any position of honor or trust, elected or appointed, at his/her home school.

According to the severity of the policy or code of conduct violation, the period of ineligibility is as follows:

Level I On Campus Intervention Program – Students placed in OCI are prohibited from being on any other school campus or from attending any school-sponsored or school related activities during their OCI placement. Not adhering to this directive could result in further disciplinary action.

Level II Violations — Any student returning to his/her home school from a Level II DAEP shall regain eligibility for participation when he/she has attended the home school, subsequent to release from DAEP, for a period of time equal to the original DAEP placement.
If an appeal of the original DAEP placement is reviewed by a Level II Hearing Panel [see FOA (LOCAL)] and the student is returned to his/her home school after only serving a reduced number of days in a DAEP, the number of days a student is ineligible at his/her home school shall equal the number of days served in DAEP.

**Level III Violations** — Any student returning to his/her home school from a Level III DAEP shall regain eligibility for participation when he/she has attended the home school for a period of one year. Upon repetition of a Level II or III violation (including a second or subsequent DAEP placement), a student shall be declared permanently ineligible to participate in extracurricular activities or hold any position of trust or honor within his/her home school upon return to the campus. Upon request of a student or his/her parent or legal guardian and upon the recommendation of the principal, the superintendent may adjust or waive any of the above penalties/sanctions in light of the circumstances that warrant such change, in the superintendent’s sole discretion.

**Firearms**

State and federal law require a student to be expelled from the regular classroom for a period of at least one calendar year for bringing a firearm, as defined by federal law, to school. However, the superintendent or designee may modify the length of the expulsion on a case-by-case basis and/or the district may provide educational services to the expelled student in a Disciplinary Alternative Education Program. The Board delegates to the superintendent the authority to expel students.

**Graduation Activities**

The District has the right to limit a student’s participation in graduation activities for violating the District’s student code of conduct.

Students eligible to give the opening and closing remarks at graduation shall be notified by the campus principal. Notwithstanding any other eligibility requirements, in order to be considered as an eligible student to give the opening or closing remarks, a student shall not have engaged in any misconduct in violation of the District’s code, resulting in a removal to a DAEP or expulsion during the semester immediately preceding graduation.

Graduating seniors who have met all criteria for graduation and are assigned to a DAEP and/or expelled to JJAEP at the end of the school year, will not be allowed to participate in the graduation ceremony or in other related graduation activities, except graduation activities at the alternative placement site.

**Re-Entry Consultation**

The campus behavior coordinator from DAEP or JJAEP must schedule a meeting with the student’s campus behavior coordinator from the student’s home-school, to assess and devise a transition plan before the student’s scheduled return date to his or her home school. The following topics must be addressed during the meeting:

- Overall progress during the assignment to DAEP or JJAEP
- Behaviors of concern and/or safety concerns that led to the assignment to DAEP or JJAEP
- Notifying staff/student victims
- Outline interventions upon arrival, to continue support that includes a reasonable timeframe to monitor and measure progress.

**Truancy**

Individuals between the ages of 6 and 18 or individuals younger than the age of 6 enrolled in a pre-kindergarten or kindergarten, and individuals over the age of 18 who voluntarily enroll as a student within FWISD must attend school for the entire period the program of instruction is provided. See Tex. Educ. Code § 25.085. If a student misses 10 or more days or parts of days within a 6 month period without a valid excuse, the student is truant. Tex. Fam. Code § 65.003. Civil action may be taken against the student, if he/she is between the age of 12 and 18, for truant conduct. Action may also be taken against the parent/guardian of a student between the age of 6 and 18 for failing to require their child to attend school as required by law and is issued a warning. Tex. Educ. Code § 25.093. As such, a parent/guardian must take the necessary measures to ensure that the student is regularly attending school by contacting your child’s school attendance office to confirm attendance. If a student becomes truant, the parent/guardian will be notified in writing about the truancy and may be requested to attend future meetings.

Parents and students are responsible for making sure that written excuses for absences are submitted to the student’s school attendance office within 7 days of the absence to ensure that an absence is not marked as unexcused. Further, students must have a legitimate reason for arriving late or leaving early from school. Reasons for arriving late or leaving early from school must be in writing and submitted to the school attendance office.
Additionally, students must be in attendance 90 percent of the school year, unless the attendance committee gives the student credit because there were extenuating circumstances for the absences. Tex. Educ. Code § 25.092; see also FEC (Local). A student 18 or older, who has more than five unexcused absences in a semester, may have their enrollment revoked. See FEA (Legal). Further, the student’s presence on school property thereafter would be unauthorized and may be considered trespassing.

FWID wants your student to be successful. You may help by making sure that your student is regularly attending school.

**Searches, Board Policy FNF Legal**

The Fort Worth ISD School officials may search a student’s outer clothing, pockets, or property by establishing reasonable cause or securing the student’s voluntary consent.

A search is reasonable if it meets both of the following criteria:

1. The action is justified at the inception; i.e., the school official has reasonable grounds for suspecting that the search will uncover evidence of a rule violation or a criminal violation.
2. The scope of the search is reasonably related to the circumstances that justified the search in the first place; i.e., the measures adopted are reasonably related to the objectives of the search and are not excessively intrusive in light of the age and sex of the student and the nature of the infraction.

**Desks and Lockers**

Desk, lockers and similar items are the property of the District and are provided for student use as a matter of convenience. Lockers and desks are subject to blanket/random searches or inspections by District administrators. Searches or inspections may be conducted at any time and without notice.

Students shall be fully responsible for the security and contents of desks or lockers assigned to them. Students shall make certain that lockers are locked and that keys or combinations are not given to others. Students shall not place or keep in a desk or locker any article or material prohibited by law, District policy, or the Student Code of Conduct. Students shall be held responsible for any prohibited items found in their desks or lockers.

**Vehicles**

Students shall be fully responsible for the security and contents of vehicles parked on school property. Students shall make certain that their parked vehicles are locked and that the keys are not given to others. Students shall not place or keep in a vehicle on school property any article or material prohibited by law, District policy, or the Student Code of Conduct. If there is reasonable cause to believe that a vehicle on school property contains contraband, it may be searched by school officials or by personnel whose services have been engaged by the District to conduct such searches. Students shall be held responsible for any prohibited items found in their vehicles on school property.

If a vehicle subject to search is locked, the student shall be asked to unlock the vehicle. If the student refuses, the District shall contact the student’s parent. If the parents also refuse the search, the District may contact local law enforcement officials and turn the matter over to them, or the District may conduct the search.

The District shall use specially trained non-aggressive dogs to sniff out and alert to the current presence of concealed prohibited items and illicit substances as defined in FNCF (LOCAL) and alcohol; visits to the school shall be unannounced. The dogs shall be used to sniff the air in vacant classrooms, in vacant common areas, around student lockers and around vehicles parked on school property. The dogs shall not be used with students. If a dog alerts to a locker, a vehicle or an item in a classroom, the area may be searched by school officials. Searches of vehicles shall be conducted as described above.

**Electronic Storage**

A peace officer may not search a person's cellular telephone or other wireless communications device, pursuant to a lawful arrest of the person, without obtaining a warrant under Code of Criminal Procedure 18.0215.

A peace officer MAY search a cellular telephone or other wireless communications device without a warrant if:

1. The owner or possessor of the telephone or device consents to the search;
2. The telephone or device is reported stolen by the owner or possessor; or
3. The officer reasonably believes that:
a) The telephone or device is in the possession of a fugitive from justice for whom an arrest warrant has been issued for committing a felony offense; or
b) There exists an immediate life-threatening situation, as defined by Code of Criminal Procedure 18.20.

Code of Crim. Proc. 18.0215

Specifically:
1) Lockers may be sniffed by trained dogs at any time.
2) Vehicles parked on school property may be sniffed by trained dogs at any time.
3) Classrooms and other common areas may be sniffed by trained dogs at any time students are not present.
4) If contraband of any kind is found, the student shall be subject to appropriate disciplinary action. The student’s parent or guardian shall be notified if any prohibited articles or materials are found in a student’s locker, a student’s vehicle parked on school property or on the student’s person as a result of a search conducted in accordance with the policy.

General Information

Metal Detectors
The District shall not tolerate actions that endanger the wellbeing of students or faculty or disrupt the educational process. Accordingly, upright or hand-held metal detectors may be randomly used any time by the administration to safeguard students and maintain a safe environment.

Students shall be notified at the beginning of each school year that they will be subject to search by a metal detector on a random basis. All prohibited weapons and/or illegal contraband revealed shall be confiscated and turned over to applicable law enforcement agencies, which shall determine whether or not to initiate criminal prosecution. (See Board Policy FNCF or FNCG) Contraband found to be in violation of school board policy shall be confiscated by school personnel. School administrators will determine what, if any, disciplinary action is taken.

If a student refuses to comply with a metal detector search, the parent(s) and/or guardian(s) will be contacted. If the parent(s) and/or guardian(s) support their child’s decision to refuse, the school liaison officer shall determine if a search is now mandatory for the safety of all. If not, the student shall be removed from the campus immediately and will be subject to appropriate disciplinary action. The second time a student refuses to comply with a metal detector search will result in immediate removal from school pending a central office conference.

Photographic/Video/Audio
District video/audio equipment shall be used for safety purposes in monitoring student behavior on buses and in common areas on the district’s campuses. Students may not photograph, videotape, or otherwise record students or staff during the instructional school day.

No photograph, video recordings or audio recordings may be taken or made on Fort Worth ISD premises unless authorized by the Superintendent, her/his designee or principal for educational or school-related purposes. (section 26.009 of the Texas Education Code applies).

Electronic Media
The superintendent or designee shall design, implement, monitor and evaluate electronic media resources for instructional and administrative purposes.

Availability of Access
Availability to the District’s electronic communications system(s), including the Internet or intranet shall be available to students, employees and volunteers expressly for instructional and administrative purposes and in accordance with policy regulations.

Access to the District’s electronic communications system(s) is a privilege, not a guaranteed right. All users shall be required to acknowledge receipt and understanding of all policy and administrative regulations governing use of the system(s) and shall agree in writing to comply with such policies and administrative regulations. Policies and administrative regulations are available online at www.fwisd.org. Noncompliance will result in disciplinary action consistent with District policies and regulations. Violations of law may result in criminal prosecutions as well as disciplinary action by the Fort Worth ISD.
Acceptable Use
The superintendent or designee shall develop and implement regulations, policies, and use agreements, consistent with the instructional and administrative purposes of the District and the law and policy governing copyright.

Monitored Use
Electronic mail transmissions and other use of the electronic communication system(s) by students, employees or volunteers shall NOT be considered confidential and may be monitored at any time by designated staff to ensure appropriate use for educational and administrative purposes.

Disclaimer of Liability
The District shall not be liable for the user’s inappropriate use of the District’s electronic communication resources or violations of copyright restrictions, user’s mistakes or negligence or costs incurred by user. The District shall not be responsible for ensuring the accuracy or usability of any information found on the Internet or through any other electronic means.

Training
Training for employees and students in the proper use of the system(s) is available. Internet safety training is required for all users. Users will be provided copies of the District’s acceptable use guidelines. The District will emphasize ethical use of the system(s) resources.

Copyright

System Access
Access to the District’s electronic communication system(s) will be governed with the approval of the campus principal or designated supervisor; users will be granted access to the District’s system(s).

Telecommunication Devices
(Board Policy FNCE)
An Authorized District employee may confiscate telecommunication devices, including mobile telephones, used in violation of District rules. Campus instructors and administrators may, in the exercise of reasonable discretion, allow students to use devices for instructional purposes during the instructional day, so long as the use does not disrupt the classroom instruction. The District is not responsible for the loss or theft of any personal telecommunication devices following confiscation.

The District may allow students to use personal telecommunication devices for instructional purposes only. This includes but is not limited to mobile phones, pagers and/or beepers, videophones or any other device that allows two-way communication by means of radio waves. All equipment should be stored in a locker, backpack, purse, or other place where it is not visible during the instructional day when not being used for authorized instructional purposes.

Administrative Regulations
Campus administrators shall have the discretion to determine the appropriate use of mobile phones, pagers/beepers, and any other devices for students participating in extracurricular activities while on school property or while attending school-sponsored or school-related activities on or off school property.

Confiscation, Notice and Disposal
An Authorized District employee shall confiscate personal telecommunication devices, including mobile telephones, used in violation of District policy and the Student Code of Conduct. The parent(s) and/or guardian(s) shall be notified within two school days after the device is confiscated. All confiscated personal telecommunication devices will be held by the campus administrator. A campus administrator must complete the appropriate District form giving notice of a telecommunication device confiscation.

The administrator will maintain records of all confiscations and the subsequent release or disposal of the devices. A device held longer than 30 days will be disposed of by the District. A campus administrator must simultaneously notify the parent that
the personal telecommunication device has been confiscated within two days and explain how the device can be reclaimed. The administrator will be responsible for notifying, in writing, the company whose name and address appear on the confiscated device.

To reclaim a telecommunication device, a high school student, parent or guardian must:

1) Present written proof of ownership and a photo ID, in person, at the campus, during posted school hours.

COMPLAINTS AND CONCERNS

Usually, student or parent complaints or concerns can be addressed by a phone call or a conference with the teacher or principal. For those complaints that cannot be handled so easily, the District has adopted a standard complaint policy at FNG (LOCAL) in the district’s policy manual. A copy of the policy can be obtained from the principal’s office or on the district’s Web site at http://pol.tasb.org/Policy/Code/1101?filter=FNG.

In general, the student or parent should submit a written complaint and request a conference with the campus principal. If the concern is not resolved, a request for a conference should be sent to the Superintendent’s designee. If still unresolved, the District provides for the complaint to be presented to the Board.

Dear Student and Parent/Guardian:

As required by State Law, the Board of Trustees has officially adopted the Student Code of Conduct in order to promote a safe and orderly learning environment for every student.

We urge you to read this publication thoroughly and to discuss it with your family. If you have any questions about required conduct and consequences for misconduct, we encourage you to ask for an explanation from the student’s teacher or campus administrator.

The student, parent and/or guardian should each sign the acknowledgement form on the next page, and then return the page to the principal’s office. Please note that failure to sign and return the acknowledgement form, may prevent the student from attending and/or participating in any school activities.

Thank you.

Families who do not have Internet access or prefer a hard copy for any reason can receive one at their campus on request at any time during the school year. To ensure that every FWISD student has had an opportunity to understand this new process, we are requiring that a parent or guardian of every student complete the requested information below and return it to your child’s teacher and/or the school’s administrative team. This form will remain in your child’s cumulative folder; however, you are free to change your election at any time.

My child and I have been offered the option to receive a paper copy of the Fort Worth ISD Student Code of Conduct or to electronically access it at www.fwisd.org.

I have chosen to: (please select one option below)
