

PARENT CLASSES

Parent University (Raising Highly Capable Kids): Raising Highly Capable Kids is a 13 week curriculum that is based on the Search Institute's 40 Developmental Assets. Search Institute has undertaken decades of research with more than 5 million children and found that there are 40 building blocks every child needs to grow and mature. And the more of these assets a child has in their life, the more likely she/he is to engage in healthy behaviors while veering away from those that are unhealthy

PURPOSE/HIGHLIGHTS: - The program is developed to bring families within the community together in efforts to support ALL children. - All coursework will be completed during the scheduled class sessions. - Participants are expected to complete 13 scheduled sessions
