## Partnership with The Network for College Success

NCS uses research to design and facilitate professional learning that builds the capacity of school leaders to help all students attain high levels of academic achievement. Through cross-school learning communities and job-embedded coaching, we support district leaders, principals, teachers, and counselors to:

- Strengthen school leadership
- Improve teaching and learning
- Support freshmen transitioning into high school
- Prepare students for quality postsecondary options
- Support culture and climate
- Integrate research and data into daily practice

## Evidence of Campus Implementation

## Highlighting Freshman Success Teams

Evidence-based practices implemented throughout the district but campusbased ownership, leadership, and differentiation is essential for success and improved outcomes

- Exemplars of campus-based implementation
- Young Men's Leadership Academy
- Diamond Hill Jarvis High School
- Arlington Heights High School
- Dunbar High School

## Intentional \& Strategic District Supports

High Impact Tutoring Systems \& Supports

- Algebra I, English I \& II, US History, \& Biology
- Individualized \& differentiated campus plans
- \$40 per hour for teachers (minus fringe + normal deductions)
- Re-testers \& first time testers in grades 9-12
- \$2.24 million in ESSER funding for HS support tutoring

Professional Learning

- EOC Professional Learning Series for HS teachers
- \$400 stipend through ESSER under Building Capacity Framework
- Stipend series professional learning for Math Teachers

## Redesign of Reading I \& Reading II

- Required Scheduling Drivers for all High Schools
- Incoming $9^{\text {th }}$ graders who did not pass $8^{\text {th }}$ grade STAAR are required to be scheduled into Reading I
- Incoming $10^{\text {th }}$ graders who did not pass English I EOC are required to be scheduled into Reading II
- HS Reading I \& Reading II may be stacked courses
- No more than 25 students per course
- New materials, new curriculum - focused on adolescent literacy pedagogy and practices with culturally \& linguistically responsive practices and materials

## New HS Secondary Literacy Adoption

- English I - IV new materials, new curriculum
- Reading I \& II - new materials, new curriculum
- Advanced Placement - new materials
- Professional learning opportunities for teachers at all levels focused on TEKS alignment, science of reading, culturally responsive pedagogy, rigor of the standards, heavy focus on writing embedded pedagogy, and linguistically supportive

## Benefits of PSAT/SAT

Readiness

Establishes a baseline and check-in for college readiness

## Growth

Measures student progress from PSAT 8/9 through SAT

Potential

Evaluates students for "AP Potential"

## Additional Benefits

## Recruitment

Connects students with colleges and universities

Scholarships

Links students to college scholarships

Success

Supports admission, placement, and student retention

## How does PSAT connect to SAT?

All tests in the SAT Suite (SAT, PSAT/NMSQT, PSAT 10, and PSAT 8/9) are aligned and focus on the same domain of knowledge and skills.

All tests in the SAT Suite are on a common score scale which provides consistent feedback and enables teachers to adjust instruction to better support students who are ahead or behind to ensure growth.

## Alignment to Quality Instruction

$\checkmark$ The PSAT tests are designed to reflect the work that students are already doing in the classroom.
$\checkmark$ Using a student's complete score report, teachers can understand the student's strengths, and focus learning on the specific areas where the student needs it most.
$\checkmark$ The PSAT continuum of assessment should show the value add of time spent in FWISD. As a result, we should see growth over time as students spend time in our schools receiving high quality instruction each day from our educators in our classrooms on our campuses.
$\checkmark$ Teachers have access to robust data in their College Board accounts that allow them to access student level data to inform instructional decision-making
