Goal 3: College, Career, and Military Readiness

## New Report Format (Executive Summary)

| Goal Progress Measures |  |
| :---: | :---: |
| 3.1-Grade 12: Increase the percentage of Grade 12 students who meet the criteria for CCMR from $33 \%$ to $38 \%$ by August 2024. |  |
| 3.2-Grade 9 On-Track: Increase the percentage of first-time 9th graders on-track towards graduation from $75 \%$ to $80 \%$ by June 2024. |  |
| 3.3 - Algebra I Completion by End of 9th Grade: The percent of students that score approaches or above on STAAR Algebra I EOC by end of 9 th grade will increase from $83 \%$ to $85 \%$ by June 2024. |  |

3．4－SAT／ACT：Increase the percentage of graduates较 to $\mathbf{2 7 \%}$ by August 2024.

## Support Data

At $62 \%$ for the class of 2020，the District has exceeded the August 2024 target of $48 \%$ for Goal 3 CCMR and remains On－Track to continue to exceed growth for this performance indicator．
Progress indicators for Grade 9 On－Track and Algebra I Completion experienced declines due to the impact of the pandemic．However，mid－year data shows a $10 \%$ reduction in the percentage of Freshman（ $1^{\text {st }}$ time $99^{\text {th }}$ graders）who failed at least 1 core course by the end of the first semester

This progress can be attributed to our Freshman Success Initiative which uses research to design and facilitate professional learning that builds the capacity of school leaders to help all students attain high levels of academic achievement．We have prioritized the use of data to address individual student needs．Due to early progress with this initiative，we expect to return to compliance for Grade 9 On－Track and Algebra I indicators by the Spring of 2023.

Currently，all student groups have met or exceeded targets for Goal 3 CCMR．
