Giving me work

What can FWISD do to make Learning at Home more accessible to you and your family?

What can FWISD do to make Learning at Home more accessible to you and your family?

teacher assigned assignments

make us smarter

I.D.K

I don't really know

I don't know

to not put a lot of homework

Maybe make it possible to use it without internet.

nothing

Having our teachers get in contact with us

Having the teachers teach not other people and having the regular schedule as a normal day

Like not making it that complicated

Let us back in school.

Less lessons and keep clean

For me everything seems pretty accessible to me.

Better internet and having the programs working great!

i'm not sure

Its good for now

I would really prefer we don't work from home because for my personal benefit i can not concentrate or fully learn anything if it is not in person.

Nun let us come back to school

Not really anything at the moment.
