___	___	ARH04200AB	Honors Principles of Architecture	2 sem

Special Requests: _____

Western Hills High School reserves the right to change subject selections depending on test results, individual school staffing and other factors that may affect course offerings. When selecting courses, it is the responsibility of the parent and the student to make certain that the courses selected are the ones they want since changes may not be possible after the master schedule is set.

Equal opportunities are provided by the FWISD for all students without regard to race, color, national origin, sex and handicapping conditions.

Since entrance requirements vary from college to college, high school graduation does not necessarily ensure admissions to college. It is primarily the responsibility of the parent and the student to make certain that the student's credits meet the requirements of the college they choose to enter. This also applies to NCAA (National Collegiate Athletic Association) requirements.

Endorsement(s) _____
