

Electronic Device Care

DiG IN FWISD

Charge me at home. Screen brightness, Internet surfing, and video streaming use up power more quickly.

Restart me from the start menu at least once a week so I always have the latest updates and can run faster. Don't press my power button to shut me down unless I'm frozen.

I'm fragile! Keep me in the DiG IN issued case at all times. Even when I'm in your backpack. Don't carry me by the screen or close items inside me.

Always know where I am. When not in use, lock me up in a safe place where no one else can see me. Never leave me alone when not secure, and don't trust others to keep up with me.

When I'm damaged, lost, or stolen, tell your Assistant Principal or DiG IN Specialist IMMEDIATELY. Waiting to report the incident might result in financial charges.
