

Sophomore Team Meeting Notes – Oct. 15, 2019

Present: A. Smith, B. Smith, Blythe, Kurima, Crawford, Henson, Kimmell

Announcements –

- discussion from Faculty Meeting yesterday.... Sophomore field trip on Friday before

Thanksgiving.

- decorate doors for fall/winter themes in Advisory competition

Braggs – former student stopped by and he's going back to UTA

Student concerns –

- multiple failure kids planning – spreadsheet to keep track of classes missing work (teachers can put missing assignments for students to work towards finishing); set up a Wednesday lunchtime support tutoring/work time with Dr. Smith to motivate and keep on track with coursework. Needs accountability piece for mandatory attendance.

- some students seem overwhelmed and stressed from their courses.

- possibly have a field trip to Midwestern with the reward system of having to pass classes to go; those with one or more failing grades would stay back for a catch-up/work day.
