

## Texas Academy of Biomedical Sciences – Grade Level PLC Agenda

Monday, October 7, 2019, 2019 - notes by K. Elliott

Present: Elliott, Higdon, Hamiter, Munoz

- 1) Brags – Elliott bragged that one student who was failing five classes at progress report time was able to bring three up to passing, thus only failing two on the report card.  
Several Brainology students have 100 averages
  
- 2) Student Concerns
  - Academic and College Readiness
    - Status of student academic conferences in advisory
      - Elliott still working on list from Hamiter
      - Neither Spivey nor Higdon have sent names to Elliott, so she'll just take the lowest
    - Elliott analyzed the 9<sup>th</sup> grade report cards:
      - 5/77 = 6.5% made the "A" honor roll
      - 12/77 = 16% made the "A/B" honor roll
      - 17/77 = 22% failed one class
      - 12/77 = 16% failed two classes
      - 7/77 = 9% failed three classes.
    - Mrs. Munoz has several 504s to do – gave the teachers the "teacher input" page for 5 students
    - Mrs. Hamiter discussed the fact that two of the Algebra 1 students did not pass the Alg. 1 STAAR and are currently in geometry, and will test for Alg 1 during Dec.
    - Two other students failed the 8<sup>th</sup> grade math STAAR, even after taking three times, with one student only answering 9 out of appx 60 questions correctly. Grave concern to catch these students up.
    - Behavior none discussed today
    - Attendance – none discussed today
  
- 3) General Concern
  - For each concern
    - Action Items: Who? What? Completion date?
    - Review of Action Items: Who? What? What's next?
  
- 3) Support of grade and grade level sponsors
  
- 4) Important dates and events (including curriculum/projects/major tests) Eng Benchmark Oct 23,24

**Date, Grade Level, Attendees, and Meeting Notes** (Was "Grade Level PLC- Student Support Agenda" used? If so please list behavior of concern here):
