at MARINE CREEK COLLEGIATE HIGH SCHOOL

EARLY COLLEGE HIGH SCHOOLS

The goal of Early College High Schools (ECHS) is for students to graduate with 60+ hours of transferable college credit. Students have the opportunity to earn a two-year associate degree along with their high school diploma – tuition free – saving families thousands of dollars in college costs.

ECHS provides a small, personalized community offering a rigorous college preparatory curriculum that engages students as it prepares them for high-skilled and high-demand careers. Although many high schools across the nation offer concurrent and dual-enrollment opportunities, those programs traditionally serve the highest-achieving students of their class. The ECHS programs will target all students entering the ninth grade.

Priority is given to students from traditionally underrepresented student groups as identified by the Texas Education Agency Early College High School Blueprint – Benchmark 1.

Students assigned to an ECHS are required to attend a summer bridge program and submit evidence of being immunized against bacterial meningitis.

Degrees: Associate of Arts or Associate of Science

2019 TEA Distinctions

- » TEA Accountability Report Card: 94 out of 100
- » Top 25%: Comparative Academic Growth
- » Post-Secondary Readiness
