

Making Connections

**CCRSM
LEADERSHIP SUMMIT**

June 17 - 19, 2019
Plano Event Center

Welcome!

Thank you for joining College and Career Readiness School Models (CCRSM) colleagues from around the state for two days of connecting, learning, and celebration here in Plano. Our objective is to support and champion your efforts to ensure that all Texas students are prepared for educational and career success. One of the most important ways we do this is through the annual CCRSM Leadership Summit.

The theme of this year's Summit is "Making Connections." We hope that during our time together you are able to: strengthen your connections to the College and Career Readiness School Models Network; grow the collaborative connections between districts and higher education and business industry partners; and re-commit to the continuous improvement process in implementing the ECHS, T-STEM, and P-TECH/ICIA school models. We want you to walk away from this experience with an expanded network of advisors, mentors, and peers to reach out to for guidance; a collection of resources and ideas to support your planning and implementation; and reflections to inspire your ongoing learning and innovating.

Thank you for all you do to ensure the success of Texas students.

EDUCATE TEXAS
