

# IT Training & Compliance

## Department Overview

Our mission is to improve the experience and ease for FWISD employees to increase their skills and knowledge while staying up to date on District requirements.

### Training Services

#### SafeSchools

SafeSchools is a web-based training system. Employees can easily complete District required compliance training over subjects such as Bloodborne Pathogen Exposure Prevention, Password Security and more.

#### LinkedIn Learning

LinkedIn Learning is a web-based training system that offers access to various courses to give you the opportunity to refine and develop your skills.

*This training is currently offered only to select FWISD employees.*

#### Additional Training

Training materials using both print-based and video for additional software like the following:

- Munis

*Request training materials and videos by emailing IT Training & Compliance at [aracely.chavez@fwisd.org](mailto:aracely.chavez@fwisd.org)*
