

The Summer School Update

05/01/2023

Summer School by the Numbers

Summer school registration for elementary and middle school began in February 2023. Our schools through direct parent outreach have enrolled over **10,500 students** in summer school. We are so proud of our schools for their hard work. Summer school is our largest scale summer program and through it our students have the opportunity to extend their learning for 4 more weeks of school. High school registration will start on May 8 and will continue into May 19. We project that nearly 25% of our student population will register to attend our summer school programs.

Important Dates for Elementary and Middle School:

May 11 Online Student Registration Form Closes on this day

May 12 Final Day for Administrators to Finalize Hires

May 15 Administrator Professional Development

May 20 Teacher Professional Development

May 26 Rostering Student in SSAG Deadline

June 2 Teacher Planning Day

Gearing Up for Summer School!

Fort Worth ISD is preparing for the start of summer school. Some preparation activities include selection of our Summer Learning Administrators. Among other activities such as:

*Preparing **all** students for success in college, career and community leadership.*

Ordering Summer School Supplies

Student and teacher supplies are being purchased for every summer host campus to be distributed during the summer school program. Supplies will allow for students to have the resources needed for an engaging summer school program.

Partnership with the Fort Worth Museum of Science and History for Discovery Lab on Wheels Program

Currently we are in our second year of partnering with the Fort Worth Museum of Science and History for their Discovery Lab on Wheels Program. This program will visit every elementary campus for 4 days and provide hands-on activities for our early learners.

Summer Nights at the Museums

Also, part of our partnership with the Fort Worth Museum of Science and History, Fort Worth ISD families who have students enrolled in elementary summer school are invited to attend Family Night at the Museum for students and families to experience exciting nights full of exhibits, planetarium shows, and hands-on demonstrations. The schedule of summer nights is already available through our [Summer Learning Guide](#).

STEM Trailer Visits

Our Fort Worth ISD STEM Trailers will be visiting our elementary and middle school campuses for students to experience STEM and take part in career exploration. Activities will be hands-on, real time STEM and will bring learning to life for our students.

Important Dates for High School:

May 4 High School Deadline to Finalize Hiring

May 8 EOC Coordinator Training

May 8 Payroll Secretary Training

May 8-19 High School Registration

May 30 SS Teacher Professional Development

May 31 EOC Professional Development

June 2 Teacher Planning Day

June 3 Saturday, Student Registration Event

August 11 Summer High School Graduation

Did You Know? Fort Worth ISD Will Have 55 Summer School Host Sites.

Kona Ice Visits

As part of keeping summer fun and cool for our students, middle school students will have a onetime visit from the Kona Ice truck and will have an ice cup at no cost to the student. Schedules will vary by campus and will be shared by the Summer Learning Administrator at the campus.

Student Recruitment Fun!

Summer Learning Executive Director, Hilda Caballero and Summer Programs Coordinator, Jeimie Rodriguez were invited to participate in a student recruitment event for the Family Action Center who organized an event for families to register to different summer offerings in the community. Giddy up for summer school!

Congrats to our Summer Learning Leaders!

Fort Worth ISD current assistant principals were designated to be Summer Learning Administrators. Every summer school host campus will have a Summer Learning Administrator. Summer school is an opportunity for our Summer Learning Administrators to lead and run their own program. We are excited to be building our next generation of leaders! On March 30, 2023, we had our first Summer Learning Administrator professional development.

Planned Professional Development

All professional development sessions will be in person at the Teaching and Learning Center. Direct calendar invites have been shared with Summer Learning Administrators to share with teachers. The EOC professional development will be online and Zoom links will be shared via calendar invite.

Upcoming Professional Development:

May 15 Summer Learning Administrator Training

May 20 Elementary Teacher Professional Development

May 30 Middle School and High School Teacher Professional Development

May 31 EOC Professional Development
