

NEW ARRIVAL ROUTINE STARTS AUGUST 26TH!

Please note that we are changing our morning arrival routine. Sam Rosen ES values time on task. We are also committed to reversing and closing the achievement gap as well as continuing our growth from last year. If we are to create the leaders of tomorrow, we need to maximize our time on core instruction. Thus, it is imperative that we refine our entrance and transition routines. Our routines and procedures create the foundation for a strong school culture. If we do not create this foundation, effective learning will not happen. Here is our new morning arrival plan:

- 7:15-7:35 am - The cafeteria doors will open at 7:15 am. Parents are welcome to eat with their students.
 - Front doors will open at 7:30.
 - Please allow your child to enter the breakfast line alone to not back up the line. We will assist with ID numbers.
- 7:35 am – Teachers will pick up 1st through 5th grade students from the cafeteria and lead them to the hallway outside their homeroom. Students will be allowed to read, work on various activities assigned by teacher, or do homework. Students may also go to the Library to take AR tests.
 - PK & Kinder students will remain in the Cafeteria until 7:45 am.
 - All students arriving after 7:35 am may go eat breakfast in the cafeteria, go to the Library to take an AR test, or walk to the hallway outside their homeroom if they are not eating.
 - Parents will only be allowed in the Cafeteria. For safety and security, parents **MAY NOT** accompany children to their hallway.
- 7:45 am – PK & Kinder students will be picked up from Cafeteria. All teachers will begin greeting students at their door and begin their day.
 - Parents will exit the building at this time so that students can begin learning.

Thank you for your continued support in making our school safe and welcoming. Ultimately we want our students to be independent and ready to learn. We understand that parents would like to walk students to their classrooms to start the day off in a positive way, but it is imperative that we train our community to maximize student learning time to empower our students to become future leaders.
