Default Password Lookup
If you do not know your default password, you can use the Student Password Lookup Tool to find your default password.

1. Navigate to the link below on a device other than a district Chromebook. Click on the link or type it into your browser’s address bar exactly. Do not use WWW. https://studentpasswordlookup.fwisd.org/.

Note: If you do not have another device to look up your default password, please contact your campus for assistance looking up that information.

2. Enter the First and Last Name of the Primary Adult Contact in the space provided under Primary Contact Information for the Student.

3. If you know your Student ID number, select yes and enter only the ID number in the space provided under Student Information.

4. Click Submit.

5. The student’s default password will be displayed on the next page. If you need to look up the default password for another student, click Lookup Another Student.
