

## We're Here to Take Care of You At-Home and At-School This Year!

Virtual Care for Families knows going back to school this year is harder than choosing to buy #2 pencils or smelly markers. We want to make **choosing healthcare for your child the easiest decision** you'll make.

Whether you're an **at-home** or **in-school learner**, Virtual Care for Families has you covered through telehealth, wherever you are, anytime, anywhere.

### What We Treat At-Home

#### Common Illnesses

Immediate care for ailments such as minor colds, sore throat, cough, ear concerns, headaches, sinus or allergy issues, yeast infections, nosebleeds, or pink eye.

#### Skin Irritations & Allergies

We can treat acne, minor infections, lice, pinworms, rashes, eczema, scabies, styes, fungal skin infections or warts.

#### GI Concerns

We offer care for constipation, diarrhea, heartburn, nausea, period pain and other GI issues.

#### Testing Options

At-home students wanting/needing a flu, strep throat, or COVID-19 test will need to visit one of our 14 clinic locations around Texas.

#### Minor Injuries

We can evaluate cuts, burns, bites, and other minor injuries.

### What We Treat In-School

#### Common Illnesses

Students can be evaluated and tested for ailments such as minor colds, sore throat, cough, ear concerns, headaches, sinus or allergy issues, nosebleeds, or pink eye.

#### Skin Irritations & Allergies

With assistance from the school nurse, skin conditions such as acne, minor infections, lice, pinworms, rashes, styes, or warts can be evaluated.

#### GI Concerns

Students can receive care for constipation, diarrhea, heartburn, nausea, period pain and other GI issues.

#### In-School Testing

The school nurse can consult with our doctor or provider and test students for the flu, strep throat, or even COVID-19 right from the nurse's office.

#### Minor Injuries

We evaluate students for cuts, burns, bites, and other minor injuries while in the school nurse's office.
