

WELCOME BACK WILDCAT SCHOLARS- R.O.A.R TO EXCELLENCE

Welcome back students,

We're so happy to see you! Your technology common sense 21st century skills were challenged this last semester. Wildcat scholars learned to use technology making everyone stronger, smarter, college bound and innovative serving us a lifetime. Thank you for being courageous and brave. And most of all thank you for not giving up.

This year we look forward to four weeks of virtual instruction. This started today, September 8th.

We welcome you and can't wait to begin.

As we move forward, what will this day mean for you? It means learning and interaction with teachers and peers is monumental. This also means

working to build ownership and responsibility as a scholar. It means being the most responsible wildcat you can solemnly be. Remember school is in session.

What did this mean for your teachers? It means teachers were prepared to welcome and create engaging lessons to build relationships with all students.

Last but not least, we anticipate your role as a student to model the R.O.A.R motto of respect, ownership, attitude and responsibility. What does this mean for us? It means character building and academic focus for all scholars. It means we work together to do our best and prepare for a new wildcat year filled with spirit and support.
