TOPIC: SUPERINTENDENT UPDATE

BACKGROUND:

We have added this report in order to add a level of transparency, as well as to share additional information in a Lone Star Governance friendly format. I have several updates this month to share with our Board and community.

STRATEGIC GOALS:

1 - Increase Student Achievement
2 - Improve Operational Effectiveness and Efficiency
3 - Enhance Family and Community Engagement
4 - Develop a Workforce that is Student and Customer-Centered

District/Community Events

Since the last Board meeting, I have attended and presented at events across the city. Those events are always a pleasure. I attended the City of Fort Worth – Independent School District Collaborative Meeting in Crowley ISD. I also attended the One Second Committee Steering Committee Implementation Summit.

I had the distinct pleasure to not only attend the All-District Orchestra concert, but also conduct the High School Orchestra playing the Star-Spangled Banner. I attended the Bass Hall Children’s Education Fundraising Luncheon, which was a beautiful event.

In early May, I attended the National Center for Urban School Transformation (NCUST) where our own World Language Institute was selected as an NCUST America's Best Urban School winner.

I also held my last set of advisory meetings. We met with support staff, teachers, parents, community/business and students this month. I appreciate the time and effort of all the advisory committee members which lead to great collaboration.

SWOT Analysis

As a part of my listening tour, a District partner has created a report that provides the findings for the analysis of Strengths, Weaknesses, Opportunities, and Threats (SWOT). Last week, I shared the SWOT analysis with all staff members and with the community in my weekly update. It is my hope that the SWOT with a full narrative provides us all the opportunity to understand our strengths and the challenges that lay ahead. We will be engaging a partner to help us create a Profile of a Learner, a Profile of an Educator, a Profile of a Leader, and our FWISD strategic plan this fall. We will communicate the various manners our students, staff, families and community members can participate this fall.

FWISD Listening Tour - SWOT Analysis Executive Summary

This report provides findings for the Fort Worth ISD listening tour across the District organized into an analysis of Strengths, Weaknesses, Opportunities, and Threats (SWOT). Ten thousand (10,000) Fort Worth ISD employees across all departments have all had the option to spend at least an hour sharing their thoughts and feedback with Dr. Ramsey on what is going well and what needs to improve. The themes are taken from synthesizing all of the comments from scanned notes from five listening tour sessions as well as five batches of comments submitted via email and online, adding up to a total of more than two thousand (2,000) individual data points. The SWOT analysis summary is listed in the table below.

Strengths
Major strengths from the listening tour included the many opportunities, supports, and choices for students and families. The mission-driven dedication of all staff, accolades for improved internal communications and opportunities for all staff to engage in the listening tour with the Superintendent were also identified as major strengths for the District.

Opportunities for Students
Staff were very enthusiastic about the opportunities that Fort Worth ISD provides students. Specific initiatives that had explicit shout outs included: Bookmobile, Go Centers, Junior Achievement, Visual and Performing Arts, and supports for non-traditional and international students. Staff felt pride in being able to provide supports for the holistic development of students with extracurricular programs, advanced academics, and social and emotional supports to meet the needs of the “whole child”. Most notable was the District’s ability to provide more services in these areas than any competing charter school in the area.

Services for Families
Similarly, staff were proud of the services that the district provided for families. Some of the specific services named included: transportation available to all students, afterschool care at no cost to families, universal breakfast and lunch, and summer food programs. Additionally, other centers for support and community partnerships were named including: food banks, assessment center, family resource centers, language and bilingual services, adolescent pregnancy services, homeless identification services, transition specialists, and mental health programs for students and families.

District Programs and Choices
The number of programs, schools and college and career pathways that are available to students were highlighted as a strength. Types of programs praised varied from grade-specific initiatives to schools and programs of choice. In addition, partnerships like the Leadership Academy Network schools were highlighted as an example of an innovative partnership and as competitive in-District school choice options. The following is a list of programs, college and career pathways, and initiatives that earned specific shout outs:

- STEM
- Advanced Academics
- CCMR and CTE
- JROTC
- The Leadership Academy Network
- Aviation and Robotics
- T3, Senior Success, and College Advisors
- PTECH and ECHS
- Saturday Learning Quest
- Visual and Performing Arts Partnerships
Staff Dedication and Talent
Across all of the sessions and submissions, everyone agreed that the staff care about students and families, that everyone was putting in the effort and working with what they have. Common remarks included:

- “We care about students and families.”
- “We do a lot with a little.”
- “We do what it takes.”
- “We take pride in our schools and pyramids.”

Additionally, there were common themes around hiring quality, talented people into the district. Staff recognized an improvement in the staffing pipeline, particularly praising the fact that the District was hiring earlier and improving employee retention rates. Staff praised the emphasis on mental health especially in response to tragedy, teacher pay for newer teachers, and financial incentives such as retention bonuses for staff. There were also role-specific shout outs for being one of the few Districts to have full-time librarians and mental health professionals.

New Internal Engagement and Communications
Staff were very impressed with the new direction in internal communications, despite the identification of conflicting and inconsistent communications in the Weaknesses category. Namely, the “Monday Message” had high praise as well as the Weekly Update, Friday communications, and having direct access and facetime with the Superintendent. Staff seemed encouraged by the new direction of internal communications and are looking forward to it continuing. Externally, parent communications and leveraging Blackboard was also identified as a strength, although community engagement and parent communication was recognized as an opportunity as well.

Weaknesses
Inconsistency, coherence, and fidelity were predominately identified as weaknesses. Main points cited were departments working in silos, having conflicting or incomplete initiatives, and using disconnected or outdated technology systems and poor rollouts. Additional weaknesses included support from non-classroom staff, shortages, retention, and pay alignment with credentials. Broad points around District politics and customer service were also noted, as well as areas of improvement in student safety, discipline, and attendance.

Departments Working in Silos
The most common word that appeared across all sessions and submissions was “silos”. Staff often described a lack of intentionality, coherence, fidelity, and accountability. This was not directed at a particular department or initiative, but instead applied across departments characterizing their collaboration and communication as lacking.
District Initiatives - Quantity over Quality
Similarly, there was a blanket sentiment of having too many initiatives that were half-implemented, administered without accountability, and developed in isolation from other related departments or initiatives. MTSS, FLEX, and Advanced Academics were identified multiple times. Other particular initiatives that were named are as follows:

- MTSS
- FLEX
- RISE
- Advanced Academics
- SpEd
- Bilingual
- ECE
- Board member-initiated projects and initiatives

Tech Systems and Roll Outs
The tech systems and processes were also aligned to the common theme of working in silos. Without specifics, staff commented on how systems are repetitive, do not communicate with each other, and in some cases are outdated. Staff commented on the poor rollouts of tech systems and processes, as well as the lack of fidelity in implementation and usage accountability. The MacBook rollout was one particular example that was identified a number of times as it was widespread throughout the District, but did not natively connect to the new classroom devices and smartboards.

Maintenance, Facilities, Transportation, Custodial Services
The maintenance, facilities, transportation, and custodial service workers had particular concerns about not having enough staff or support and working outside of their job scopes. Maintenance, facilities, and custodial workers shared that they are overworked and overwhelmed because there is a shortage of workers. They noted the significant impact of worker shortages on the cleanliness and maintenance of campus facilities. They also mentioned that at times they were asked to fill campus roles outside of their scope, including standing in as adults in the classroom, hallways, or for testing protocols. They were recognized as very caring and as great mentors for students, which will be highlighted in the opportunities section. Transportation workers stated that they are overworked and overwhelmed due to worker shortages as well. They shared how the programs and schools of choice create complex transportation challenges as well as access inequities for students. At the same time, transportation and schools/programs of choice are resoundingly touted as a strengths. All maintenance, facilities, transportation, and custodial staff mentioned a lack of support and collaboration with campus administration and leadership.

Student Safety, Discipline, and Attendance
A recurring concern was about student safety, discipline, and attendance. A few submissions named student fights and drug use, while others more broadly advocated for more student discipline and accountability to the code of conduct. For accountability, responses ranged from
social emotional practices and mental health supports, while others included consequences like suspensions or alternative education placements. Student attendance and truancy were also identified as a weakness.

**Intra-District Politics**
A number of submissions and comments repeated the sentiment that the stakeholders that are the loudest often unfairly get the most urgent priority, with submissions such as:

- "We don't follow guidelines due to desire to make ‘loud voices’ happy"
- "SPED dept. kowtow to ‘squeaky wheels’"

Additionally, there were very specific individual instances of politics and conflicts, one being in athletics, another being individual board and District leader “pet projects” disrupting strategy and day-to-day work, and a third being inequity or a division between the Eastside and the Westside Fort Worth ISD schools. Finally, an external threat is the political conflict and pressure that Tarrant County voters and stakeholders are grappling with, especially regarding current public education issues.

**Customer Service**
Across comments and submissions there was a common theme of having poor customer service. This was in regards to both service of families and facilities, as well as in the context of competing with charter schools. Listed as an opportunity as well, staff mentioned a desire for trainings mentioning a past districtwide customer service training initiative. An interest in accountability was also expressed by staff including “secret shopper” ideas and other opportunities to improve the level of customer service.

**Opportunities**
The opportunities mentioned in the listening tour involved expanding on some of the strengths as well as taking advantage of interest and momentum in the weaknesses. These include areas such as technology systems and processes; public communications and external promotion; professional development training and accountability; expanding school and program choices; and creative, strategic restructuring of the District.

**Streamlining Tech Systems and Processes**
For the most part, staff actually agree that the technology is good but the concerns are conflicting systems and technology rollout. There is an opportunity to audit the current systems to identify duplicative services, outdated technology or unnecessary “paper”, and systems that do not share data natively with each other. Consistency to adjust and leverage a new system is also important, as well as rolling out the system with appropriate onboarding, trainings, FAQ documents, and resources (ex. adapters, dongles, software). Additionally, knowing where each process sends the data and who are the right audiences of that data would be beneficial. There is a general sentiment that a fairly large amount of data is collected, yet they often do not make it into the right hands, nor arrive synthesized and analyzed in a helpful way.
Public Communication and Promotion

There is a large desire and momentum to increase the District’s key messages and drive an intentional public communications and promotion campaign. Staff have a large sentiment of pride for their campuses and pyramids and many for the District at large. This is prompting a sense of urgency for staff in combination with an awareness of declining enrollment and increased school competition. There is a trend in staff mentioning “micro districts” or community-specific communications with mixed reviews. Some see it as a result of silos or having a fragmented communications plan. However, there is an opportunity to develop targeted and appropriately segmented communications to each specific audience after defining a District-centered identity and key messages. Staff agree that the district has enough to tout, and that there is room to be “bragging on ourselves.”

PD, Training, and Staff Support at all Levels

At each level of the District, from custodial to central office management, there is a large desire for more intentional professional learning and training. Generally, there is an appetite for more onboarding, frequency, clarity, and accountability. This provides a great opportunity for a reset of expectations and trainings across all roles throughout the district, as well as a system of accountability at each level. Specific ideas that staff had included:

- Mentoring between new and veteran staff for teachers, maintenance, and District admin
- Clarity through onboarding and resources such as staff/office handbooks, District resource booklets, department maps and contacts
- Specific topics of interest for campus administration and leadership include instructional practices and coaching, SpEd and MTSS, effective PLCs, ownership and accountability, de-escalation and classroom management

School Choices and Competing with Charters

The realization of increased competition and decreased attendance and enrollment creates an opportunity for additional choices and programs for students, especially since staff views these programs as a strength and unique feature that the District can offer to differentiate itself. Additionally, this awareness is an opportunity to express the severity of enrollment declines and the financial implications and challenges to stress the importance of “doing a lot with a little.” This can motivate staff for creative rethinking of school choices and facilities. Generally, staff agree that expanding the portfolio of choices for students and replicating successful and in demand options are strengths of the District and a viable retention strategy. Some specific ideas include:

- The Leadership Academy Network
- Additional academy choices - ex. YWLA
- Local organization partnerships - universities, industry, performing arts, Go Centers, T3
- Gold Seal Programs of Choice (GSPOC) and college and career pathways
- Recovery campuses to recapture under-credited students from delays at other schools - ex. charters, CAN Academy, homeschool
- “Charter-type” high schools
- Recruitment efforts to specific pyramids or GSPOC
Strategic Staffing, Scheduling, and Reorganization
Given the awareness of declining enrollment, a general sentiment of being too “top heavy” as a District, there is a large opportunity to make strategic structural shifts. The timing of a change in leadership is aligned with staff stakeholder input and an appropriate response to the current conditions of the District. With transparency and community input, the implications of enrollment decline and the challenges of resources and funding can be aligned to the strategic ideas that staff shared. Strategic opportunities emerged in the following themes:

- School facilities, closures, and choices (ex. leadership academies, innovative partnerships and school models, ECHS, industry partnerships, community hubs, recovery campuses, virtual school options)
- Enrollment and attendance boundaries and policies (ex. 2-mile radius choices, universal enrollment, streamlined registration and transfer windows)
- Strategic staffing and compensation models (ex. TIA, “passing bonuses”, rethinking distribution of compensation for teacher assistants and EOC teachers)
- Innovative school-year scheduling (ex. balanced year calendar), school-day blocking (ex. intervention periods, specials and extracurriculars), and student trajectory pathways (ex. CTE alignment, industry partnerships)
- Empowering successful principals (ex. autonomy and local decision-making, replication and scaling, mentorship and pyramid-lead regional roles)
- Teacher retention (ex. stipends, creative classroom size management and MTSS/RTI with teacher assistants, mentorship, exit and retiring surveys)

Threats
The main threats to the District were the declining enrollment with the associated decline in resources and funding. Special education supports and compliance are threats as well.

Declining Enrollment
As discussed in previous sections, the threat of declining enrollment has direct implications on District funding. The rate of decline is drastic due to the compounding impacts of increased competition, low birth rates, pandemic lockdown, and more. There will be a need for a comprehensive action plan involving an intentional multi-year school action plan, a creative reorganization of departments and staffing, a multi-stakeholder communications plan, and a strategic vision and timeline to sustainability.

Staffing Shortages and Retention
In addition to the staffing shortages mentioned in the maintenance, facilities, transportation, and custodial services section, campus staff mentioned a shortage in substitutes, paraprofessionals, teacher assistants, bilingual teachers, Black and Latino teachers, and Parent Partnerships staff members. All staff shortages are directly linked to stretching the current teachers and staff thin to cover classes, grow class sizes, prevent intentional interventions, and engage families. The lack of bilingual teachers and Black and Latino teachers also demonstrates a lack of diverse representation and language accessibility.
Special Education Supports and Compliance
The concerns in the SpEd area were quite specific and although they were low in frequency, because of the nature and severity of SpEd compliance consequences it is worth listing in the threats category. Some of the concerns included general education teachers and campus leadership understanding SpEd law for compliance, MTSS practices with deep fidelity, and consistency and accountability in attending assigned ARD meetings. Additionally, there were areas of improvement in collaboration with diagnosticians, as well as collaboration between SpEd and general education teachers to provide the appropriate services in all contexts. Lastly, there were complaints about the large caseloads and discrepancies in which experiences and certifications that the District recognizes for hiring and compensation, especially in regards to the many roles in this area (ex. diagnosticians, psychiatrists / psychologists, counselors, social workers, interventionists, SpEd teachers, trauma specialists, MTSS specialists, restorative practice specialists, and more).

Proposed Next Steps

Informing the District Strategic Plan
To continue ongoing staff communications and community engagement, District leadership will continue to sustain the deep listening it is conducting beyond the listening tour. With an ongoing ear to the ground, these major themes and domains of feedback from across District departments and communities should be a large contributor to inform the District strategic plan in the short-term, mid-term, and long-term to maintain coherence, momentum, and overall vision.
TOC: APPROVE BOARD OF EDUCATION MEETING MINUTES

BACKGROUND:

The Open Meetings Act (the “Act”) was adopted in 1967 with the sole intent of making governmental decision-making accessible to the public. (It was codified without substantive change as Government Code Chapter 551.) The “Act” requires meetings of governmental bodies (school district board of trustees) to be open to the public, except for expressly authorized closed sessions, and to be preceded by public notice of the time, place and subject matter of the meeting.

Section 551.021 of the Texas Government Code states that (a) A governmental body shall prepare and keep minutes of each open meeting of the body with the minutes containing the subject of each deliberation and indicating action taken on each vote, order or decision. Section 551.022 provides that the minutes are public records and shall be available for public inspection and copying on request to the governmental body’s chief administrative officer or designee.

In order to maintain compliance with Chapter 551 of the Texas Government Code and the Texas Open Meetings Act, the Board must approve each set of minutes presented. Upon approval, the minutes can then be made available to the public as an official record of a given meeting.

STRATEGIC GOAL:

2 - Improve Operational Effectiveness and Efficiency

ALTERNATIVES:

1. Approve Board of Education Meeting Minutes
2. Decline to Approve Board of Education Meeting Minutes
3. Remand to Staff for Further Study

BACKGROUND:
Mesa Cloud is an online student progress platform service designed to help with academic management (e.g., transcripts, schedules, data errors, etc.). The software platform automatically identifies students needing courses to graduate or identify eligible academic opportunities. Accountability reports are available by grading period and/or on-demand for students in grades 9-12 at the campus and District levels. Having this reliable resource in place affords counselors the opportunity to devote more of their time to the present needs of their students and families.

Although Fort Worth ISD first contracted with Mesa Cloud during the 2021 - 2022 school year, multiple delays during the initial onboarding period resulted in a late rollout of services. This glitch pushed the proposed implementation date back to mid-Spring 2021 semester. As a result, the Fort Worth ISD Counseling Services Department and Mesa Cloud opted, by mutual agreement, to extend the existing contract for an additional one (1) year term ending on October 31, 2023. The addendum to the Mesa Cloud Master Service Agreement, finalized on May 2, 2022, essentially changed the existing agreement from a one (1) year contract to a multi-year one:

Year One: March 30, 2022 – October 15, 2022
Year Two: October 15, 2022 – June 30, 2023

Although payments related to Mesa Cloud were remitted in two (2) different fiscal years, both were paid under one binding service contract agreement that collectively totaled $95,556. Since the total payout exceeds the $50,000 threshold, we seek Board approval at this time.

The renewal contract for the 2023 - 2024 school year will be presented for approval at the June 27, 2023 Board meeting.

STRATEGIC GOAL:
1 - Increase Student Achievement

ALTERNATIVES:
1. Approve Ratification of the Student Progress Platform Services with Mesa Cloud

RATIONALE:

This platform assists with academic management so that counselors can focus on the pressing needs of their students. Educational management has been growing, and the ability to assist and identify students needing courses to graduate has become more complex as a result of lingering post pandemic challenges, i.e., multiple master schedules, courses, changes to graduation requirements and assessments based on availability. To offset some of these factors, the platform can help by automatically identifying students needing courses to graduate and identify eligible academic opportunities; thereby, clearing more one-on-one time for counselors and administrators to interact with students and their families to ensure all students are ready for graduation.

This Agreement may not be modified except in writing signed by both parties. All defined terms in this Agreement shall apply to their singular and plural forms, as applicable. costs and expenses arising in connection herewith. Neither this Agreement nor any of the rights, interests or obligations hereunder
may be assigned or delegated by Customer or any Authorized User without the prior written consent of Amplify. If one or more of the
provisions contained in this Agreement shall for any reason be held to be unenforceable at law, such provisions shall be construed by
the appropriate judicial body to limit or reduce such provision or provisions so as to be enforceable to the maximum extent compatible
with applicable law. Amplify shall have no liability to Customer or to third parties for any failure or delay in performing any obligation
under this Agreement due to circumstances beyond its reasonable control, including acts of God or nature, fire, earthquake, flood,
epidemic, strikes, labor stoppages or slowdowns, civil disturbances or terrorism, national or regional emergencies, supply shortages or

IN NO EVENT SHALL AMPLIFY BE LIABLE TO CUSTOMER OR TO ANY AUTHORIZED USER FOR ANY INCIDENTAL, SPECIAL, CONSEQUENTIAL, PUNITIVE, RELIANCE OR COVER DAMAGES, DAMAGES FOR LOST PROFITS, LOST DATA OR LOST BUSINESS, OR ANY OTHER INDIRECT DAMAGES, EVEN IF AMPLIFY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. TO THE EXTENT PERMITTED BY APPLICABLE LAW, AMPLIFY’S ENTIRE LIABILITY TO CUSTOMER OR ANY AUTHORIZED USER ARISING OUT OF PERFORMANCE OR NONPERFORMANCE BY AMPLIFY OR IN ANY WAY RELATED TO THE SUBJECT MATTER OF THIS AGREEMENT, REGARDLESS OF WHETHER THE CLAIM FOR SUCH DAMAGES IS BASED IN CONTRACT, TORT, STRICT LIABILITY OR OTHERWISE, SHALL NOT EXCEED THE AGGREGATE OF CUSTOMER’S OR ANY AUTHORIZED USER’S DIRECT DAMAGES UP TO THE FEES PAID BY CUSTOMER TO AMPLIFY FOR THE AFFECTED PORTION OF THE PRODUCTS IN THE PRIOR 12 MONTH-PERIOD. UNDER NO CIRCUMSTANCES SHALL AMPLIFY BE LIABLE FOR ANY CONSEQUENCES OF ANY UNAUTHORIZED USE OF THE PRODUCTS THAT VIOLATES THIS AGREEMENT OR ANY APPLICABLE LAW OR REGULATION.
13. Term; Termination. This Agreement will be in effect for the duration specified in the Quote and may be renewed or extended by mutual agreement of the parties. Without prejudice to any rights either party may have under this Agreement, in law, equity or otherwise, a party shall have the right to terminate this Agreement if the other party (or in the case of Amplify, an Authorized User) materially breaches any term, provision, warranty or representation under this Agreement and fails to correct the breach within 30 days of its receipt of written notice thereof. Upon termination, Customer will: (a) cease using the Products, (b) return, purge or destroy (as directed by Amplify) all copies of any Products and, if so requested, certify to Amplify in writing that such surrender or destruction has occurred, (c) pay any fees due and owing hereunder, and (d) not be entitled to a refund of any fees previously paid, unless otherwise specified in the Quote. Customer will be responsible the cost of any continued use of Products following such termination. Upon termination, Amplify will return or destroy any PII of students provided to Amplify hereunder. Notwithstanding the foregoing, nothing shall require Amplify to return or destroy any data that does not include PII, including de-identified information or data that is derived from access to PII but which does not contain PII. Sections 3-13 shall survive the termination of this Agreement.

14. Miscellaneous. This Agreement, including all addendums, attachments and the Quote, as applicable, constitutes the entire agreement between the parties relating to the subject matter hereof. The provisions of this Agreement shall supersede any conflicting terms and conditions in any Customer purchase order, other correspondence or verbal communication, and shall supersede and cancel all prior agreements, written or oral, between the parties relating to the subject matter hereof. This Agreement may not be modified except in writing signed by both parties. All defined terms in this Agreement shall apply to their singular and plural forms, as applicable. The word “including” means “including without limitation.” This Agreement shall be governed by and construed and enforced in accordance with the laws of the state of New York, without giving effect to the choice of law rules thereof. This Agreement will be binding upon and inure to the benefit of the parties and their respective successors and assigns. The parties expressly understand and agree that their relationship is that of independent contractors. Nothing in this Agreement shall constitute one party as an employee, agent, joint venture partner, or servant of another. Each party is solely responsible for all of its employees and agents and its labor costs and expenses arising in connection herewith. Neither this Agreement nor any of the rights, interests or obligations hereunder may be assigned or delegated by Customer or any Authorized User without the prior written consent of Amplify. If one or more of the provisions contained in this Agreement shall for any reason be held to be unenforceable at law, such provisions shall be construed by the appropriate judicial body to limit or reduce such provision or provisions so as to be enforceable to the maximum extent compatible with applicable law. Amplify shall have no liability to Customer or to third parties for any failure or delay in performing any obligation under this Agreement due to circumstances beyond its reasonable control, including acts of God or nature, fire, earthquake, flood, epidemic, strikes, labor stoppages or slowdowns, civil disturbances or terrorism, national or regional emergencies, supply shortages or delays, action by any governmental authority, or interruptions in power, communications, satellites, the Internet, or any other network.

Materials for Basic Language Skills Advanced (Level 2)

Developing Vocabulary for Reading Success (On-Demand))  
Vocabulary measures a person's listening, speaking, reading, and writing abilities as well as one's general knowledge.

Neuhaus Education Center is a vendor with Choice Partners National Purchasing Cooperative under contract#22/038SG-25  
If your district is a member of HCDE Choice Partners Purchasing Cooperative and purchasing under that contract, please provide the documentation as “CP#22/038SG-25” on the Purchase Order.  
www.choicepartners.org/vendors/neuhaus-education-center-3

Vocabulary size is a strong predictor of future reading, academic, and career success. In Developing Vocabulary for Reading Success - On-Demand, participants learn strategies for learning specific vocabulary such as word webs and word-learning strategies, using contextual clues. Digital masters with eight model lessons with activities that support vocabulary development are included.

Spelling Development (Self Study)
In this activity you will learn, through observation of children’s writings, how knowledge about English orthography (correct spelling) is acquired. You will explore the regularity of the English spelling system, see how spelling supports reading, and learn how spelling both contributes to, and results from, learning language.

Written Composition Fundamentals (On-Demand)
Written composition is the highest form of language development. Often students struggle with written composition because they are unsure about how to formulate ideas and translate them onto paper. Knowledge of the structures of different paragraphs aids students in formulating and translating ideas. In Written Composition Fundamentals, participants learn 1) how to teach the structures of descriptive, narrative, process, compare and contrast, and persuasive paragraphs, 2) how to help students enhance the quality of their paragraphs, and 3) how to teach students to edit and revise paragraphs. Participants also engage in collaborative activities that extend their learning and can be presented to their students.

Materials for Written Composition Fundamentals

Basic Language Skills - Book 3 (1 Day) (Live Virtual)

**TOPIC:** APPROVE 2023 - 2024 ALLOCATIONS FOR FORT WORTH AFTER-SCHOOL AND SCHOOL LEADERSHIP (SUMMER LEARNING) PARTIAL SERVICE PROVIDERS

**BACKGROUND:**

The District has collaborated with the City of Fort Worth to provide after-school programs since the fiscal year 2000 - 2001. Fort Worth After School (FWAS) has grown from fifty-two (52) sites in the initial year to eighty-four (84) sites for the 2023 - 2024 school year. FWAS program locations are funded through Local, Special Revenue, and Elementary and Secondary School Emergency Relief Fund, or ESSER, funds. Fifty-seven (57) Site-Based program sites would be eligible to utilize small to medium-sized Community Based Organizations (CBO) to provide specialized programs. These programs consist of fine arts (visual and performing), academic, community service programs, and other intermittent programming throughout the school year and summer.

To expedite services, leverage resources, and collaboration, FWAS has partnered with School Leadership - Summer Learning to vet potential providers. All recommended providers have successfully responded to Bid #22-083B. All vendors must complete a Partial Provider Agreement, or PPA, that details the scope of services to be delivered at the respective campus. This is the second year of a five (5) year cycle. The Year 2 renewal includes additional vendors for the School Year 2023 - 2024. FWAS and Summer Learning team members will oversee and monitor their respective program sites. Program and outcome data will be collected through site observations and regular training. Data will be housed in FWISD Data Warehouse and Qualtrics. This item specifically addresses FWAS and Summer Learning program sites funded through Local, Special Revenue (21st Century), and ESSER funds.

**STRATEGIC GOAL:**

1 - Increase Student Achievement

**ALTERNATIVES:**

1. Approve 2023 - 2024 Allocations for Fort Worth After-School and School Leadership (Summer Learning) Partial Service Providers
2. Decline to Approve 2023 - 2024 Allocations for Fort Worth After-School and School Leadership (Summer Learning) Partial Service Providers

FWISD Grants Compliance and Monitoring completes an internal evaluation, and Prismatic Services LLC completes an external evaluation of grant locally funded after school programs each year. Studies indicate that after-school students score slightly higher on accountability tests, complete required homework, attend school more often and receive fewer referrals than their counterparts. These providers will provide valuable intermittent services for the selected campuses.

RATIONALE:
Numerous FWISD families lack home internet access, making it difficult to attend online classes, apply for jobs, or tap into other social service resources. That digital divide is impacting residents’ quality of life, and that issue became especially apparent during the COVID-19 pandemic. Fort Worth ISD partnered with the City of Fort Worth to use school buildings to hold equipment that will originate the signal. The City of Fort Worth owns wireless communications equipment installed at eight (8) FWISD locations for the benefit of the Neighborhood Wi-Fi Program. This Interlocal Agreement states the responsibilities for both FWISD and the City for the time period that the equipment is installed at the FWISD locations.

INTERLOCAL AGREEMENT

BETWEEN THE CITY OF FORT WORTH POLICE DEPARTMENT AND THE FORT WORTH
INDEPENDENT SCHOOL DISTRICT

THIS INTERLOCAL AGREEMENT (hereinafter referred to as “Agreement”) is made and entered into by and among the City of Fort Worth (hereinafter referred to as the “City”) and the Fort Worth Independent School District, a political subdivision of the state of Texas and a legally constituted independent school district, (hereinafter referred to as “FWISD”) and set forth the roles of the Parties in regard to the implementation of the Fort Worth Independent School District Law Enforcement and Public Service Partnership (the “Program”), FWISD and the City may be collectively referred to as the “Parties” or individually as a “Party.”

This Agreement supersedes any and all previous documents, agreements, or interlocal agreements defining the role or scope of involvement the City has in support of this Program.

PURPOSE

The purpose of this Agreement is to provide students the opportunity to participate in the high school Police Academy curriculum that leads to a greater understanding of the law enforcement field and elective credits with FWISD while in grades 9-12 of high school. The Program’s first class coincides with the start of FWISD Fall 2023; August 14, 2023. Course credit will be awarded through FWISD for high school academic and diploma requirements.

OVERALL PROGRAM MODEL

The Parties agree to collaborate in developing, supporting, and operating the law enforcement component of the Program. The Program’s mission is to provide all students with appropriate work-based educational experiences that are designed to prepare students for positions in identified law enforcement fields.

The City and FWISD agree to a minimum of 20 students per class, with the possibility of expanding class size in subsequent years upon the written agreement between the Parties. The program will admit no more than 50 students in its initial 11th-grade class.

Identified portions of the Program will be delivered to students at the Fort Worth Police Department Training Facility, 505. West Felix Street Fort Worth, Texas 76115.

FWISD is open to students of all backgrounds and abilities, including students who are at risk of dropping out of school as defined by the Public Education Information Management System (PEIMS)
FWISD’s program’s curriculum is designed to support the academic needs of all students in earning a high school diploma, an associate degree, and the work experience needed to be a highly qualified candidate for career-track employment in the law enforcement field.

The Parties will work together to develop, evaluate, and revise the Program’s Scope & Sequence plan. Both Parties will identify specific high schools and work experiences that students will participate in each year as part of their regular school program. The Scope & Sequence plan will serve as a blueprint for curriculum development and programming for students and staff to ensure alignment with workforce needs.

The FWISD and the City shall establish and conduct courses incorporated into this Agreement by reference as Attachment A.

GOVERNANCE

(1) The Program will:
   a. Be governed by the City and FWISD and subject to state, and federal policies; and;
   b. Operate between 8:00 a.m. and 4:00 p.m. Monday through Friday for two semesters (Fall 2023 and Spring 2024).
   c. The officer will be considered an employee of the City and shall be under the control and supervision of a Fort Worth Police Department supervisor.
   d. Except in an emergency, as determined by the officer’s supervisor in accordance with the ordinary chain of command and in their sole discretion, the officer should not be called away from his police academy class, this being destructive to the teacher/student relationship.

STUDENT INTERN ELIGIBILITY

A student is eligible to enroll in the Program if they:
   (a) Are in the 11th or 12th grade;
   (b) satisfactorily complete the Physical Ability Test (PAT);
   (c) Demonstrate compliance with the agreed-upon guidelines established by the Parties for attendance and behavioral background;
   (d) Adhere to City regulations, including required background checks and drug screenings.

Additionally, FWISD students will be required to wear a uniform at the Fort Worth Police Department to confirm that they are enrolled in the Program.

COURSE CURRICULUM, INSTRUCTION, AND GRADING

Course content and scheduled contact hours will adhere to the FWISD educational guidelines. The course curriculum is intended to match TEATEKS and TCOLE standards. Grading will adhere to the FWISD grading policy and procedures. In addition, all coursework will be taught and grades assessed according to FWISD instructional and grading policies. Courses will be conducted during the normal calendar year and during normal school hours.
ROLES AND RESPONSIBILITIES

A. City of Fort Worth Responsibilities

1. The City will, within reason, support the implementation of the Overall Program Model as outlined herein.

2. As practicable and allowable within City policy, the City will mentor participating students. The number of students mentored and the professions of the mentors will be decided collaboratively between the City and the other Program industry participants as the Program progresses. Before performing services under this Agreement, all mentors must register and clear the required criminal background check outlined by Voly.org (FWISD’s volunteer database system).

3. The City will work with FWISD and other Program industry participants to outline the essential skills students will need to succeed in those positions.

4. The City will assign a resource or a commissioned police officer to manage the City’s responsibilities. This resource officer will, among other duties, coordinate site visits to the City’s facilities, recruit and match mentors to students, identify appropriate internship opportunities, and support teachers and faculty in developing relevant curricula. The City will also provide a resource officer, or officers, to participate in the Local Partnership Committee. Under this Agreement, the Local Partnership Committee includes representatives from FWISD, Tarrant County College, the City, and other Program industry participants, as reasonably determined by those parties.

5. The City will help define and seek to provide opportunities for appropriate workplace experiences (e.g., design projects, visits, speakers, internships, and apprenticeships) to prepare students for the world of work based on the curriculum Scope & Sequence plan. The City will, in good faith and to the extent practicable, provide internship opportunities during the term of this Agreement. The City will assist the FWISD staff in identifying additional organizations in the law enforcement and public service fields that may provide qualified students at the school with the opportunity to participate in various internship experiences during the course of the Program.

6. The City will work with FWISD and the other Program industry participants to assist the district in developing a coherent Scope & Sequence plan of courses and workplace experiences that enable students to successfully meet the goals outlined in the program model. The City will help identify high-quality occupation-related projects and curricula that may be incorporated into the academic program.

7. The City will allow the School’s staff and students reasonable access, as determined by City employees and in the City’s sole discretion, to the City facilities to support program activities, including, but not limited to, flexible scheduling, internships, job shadowing, mentoring, and other “real-life” work experiences for students. FWISD acknowledges
certain City facilities are subject to limited access as required by compliance with criminal justice information concerns.

8. Student misconduct at City locations will be addressed in accordance with the FWISD’s Student Code of Conduct. The Fort Worth Police Department shall report disciplinary problems to the FWISD. In addition, both Fort Worth Police Department and the FWISD administration may refuse to admit students with disciplinary issues into the program. However, nothing in this agreement prohibits the Fort Worth Police Department from removing a student from the facility or taking any other action necessary to protect that student, any other student, or the integrity of the program.

B. FWISD Responsibilities:

1. FWISD will be committed to fully implementing the Overall Program as outlined within this Agreement.

2. FWISD will work with the district staff and the other parties to develop a seamless and coherent Scope & Sequence plan of courses and workplace experiences that enables students to meet the goals outlined in the program model successfully. FWISD will work to develop a rigorous and engaging curriculum that prepares students for college-level coursework and workplace experiences.

3. FWISD will establish a College and Career Readiness and Employability culture for all students in the program, that requires engaging students in college coursework, tutoring and advising, and instruction on key "college knowledge" academic and personal behaviors such as:
   a. time management;
   b. collaboration;
   c. problem-solving;
   d. leadership;
   e. study skills;
   f. communication; and
   g. tenacity.

4. FWISD will help define appropriate workplace experiences (e.g., design projects, job shadowing, internships, and clinical practice) that will support students in gaining critical skills needed in the Law Enforcement and Public Service Industry. For any experience on the City’s facilities that are closed to the general public, FWISD shall ensure that the students or the student’s legal representative, as applicable, sign a waiver releasing the City for any liability related to such experience.

5. FWISD will allow the City staff appropriate access to the district to support program activities. This access will also be made available to other relevant industry leaders and members of leading nonprofit organizations.
6. FWISD will ensure that students of all backgrounds and abilities are provided an equal opportunity to enroll in the Program. FWISD will ensure that prior academic performance shall not serve to disqualify students during the admissions process.

7. FWISD will provide regular operating funds in the same manner consistent with other FWISD school programs. FWISD will identify additional funding streams that may be available to the Program.

8. FWISD will support the Program in identifying qualified staff to assist with the Program initiatives.

9. FWISD will provide appropriate and relevant ongoing professional development for the staff in FWISD who serve as part of the Program and will share best practices from other City Entities that effectively serve a wide range of high school students in achieving college and career readiness.

CONFIDENTIALITY OF INFORMATION

A. FWISD shall only disclose to the City data agreed upon within the approved Data Sharing Agreement, such as personally identifiable information from student education records pursuant to FERPA and regulations enacted thereunder to disclosures of "directory information" (as defined by FERPA and regulations enacted thereunder) that are compliant with and provided pursuant to 34 C.F.R. § 99.3l(a)(l).

B. Texas Public Information Act ("TPIA"). Both the City and the FWISD are subject to the TPIA. As such, upon receipt of a request under the TPIA, both Parties must comply with the requirements of the TPIA. Memorandum of Understanding Between
Texas Wesleyan University and the Fort Worth Independent School District for the Texas Wesleyan University Educator Preparation Program—Field Experiences, Clinical Teaching, Internships, or Professional Practicums using Video Capture

1. Parties:
The following is a Memorandum of Understanding ("MOU" or "Agreement") between Texas Wesleyan University (TXWES), under its Educator Preparation Program (EPP), and the Fort Worth Independent School District, a political subdivision of the state of Texas and a legally constituted independent school district, "District". The District and TXWES may be referred to individually as "Party" and collectively as the "Parties".

2. Purpose:
The Parties seek a collaborative relationship focused on the improvement of educator preparation, including early field experiences, clinical student teaching/internship experiences, and professional practicums with a goal of enhancing novice and professional educator performance/competency and District EC-12 student achievement. Both Parties are cognizant of the positive impact a high-quality EPP potentially has on the entire stakeholder community.

The purpose of this MOU is to: (a) articulate the partnership goals of the Parties; (b) specify each Party’s roles and responsibilities associated with the implementation of the collaborative arrangement via a sustained district/university partnership; and (c) articulate the protocol and responsibilities of the EPP and District when using video capture technology for the purpose of evaluating and improving the clinical practice of TXWES EPP candidates.

3. Collaborative Goals:
a. To design and implement within the District, quality, early field experiences, intensive performance-based clinical student teaching and/or internships, and professional practicums focused on creating highly qualified educators as evidenced by competence in both content and pedagogy.
b. To recruit and support a diverse workforce that is prepared to meet the needs of EC-12 learners in the District.
c. To support the in-service educators in their professional learning goals and development as cooperating and/or mentor teachers who are leaders in their field.
d. To support the requirements of collaborative agreements made as part of grants or other funding opportunities.

4. TXWES EPP Responsibilities:
a. The TXWES EPP will provide the District with all documents and handbooks related to field experience, clinical student teaching/internships, and the professional practicum experience;
b. The TXWES EPP will provide high-quality training to identified cooperating teachers, mentors, and District/campus administration;
c. The TXWES EPP will communicate clear expectations to the initial teacher and professional
candidates who are completing early field experiences, clinical student teaching, internships, and professional practicums;

d. The TXWES EPP will facilitate the completion of required District paperwork (background forms, application) and will supply District personnel with the required information for the placement of candidates completing early field experience, clinical student teaching, internship, and professional practicum;

e. The TXWES EPP will identify high-quality faculty and university field supervisors to support the initial and professional clinical practice partnership throughout the placement;

f. TXWES candidates will be captured under the District’s media permission protocol.

g. The TXWES EPP, in recognition of the sensitivity of media practice, will:
   1. Center the TXWES candidate as the focal point of the video;
      i. Unless otherwise required, the camera will be positioned in the classroom in such a manner as to minimize the capture of EC-12 student faces, though some incidental exposure is likely;
      ii. Direct the clinical student teacher to determine with District administrators the identity of any students that have circumstances forbidding recording—and in such cases, the student on camera will be positioned in a way that will not capture those student/s in the recording; and
      iii. Students in the video must have a photo/image release form signed by their parents/guardians.

2. Handle and store video;
   i. Restrict only authorized individuals to access videos (e.g., clinical student teachers/interns, professional practicum candidates, cooperating teachers, university supervisors, District administration, and TXWES EPP administration).

3. Prepare all TXWES candidates to utilize appropriate video recording equipment for any recording associated with TXWES EPP course assignments or performance assessments;

4. Train TXWES candidates to upload to the secure, FERPA-compliant website, all videos associated with course assignments or performance assessments within twenty-four (4) hours of capture;

5. The TXWES EPP will retain all video content in accordance with applicable retention policies, and will store the content on a TXWES server, with strict access controls remaining in place;

6. Use of the video will only be:
   i. for instructional purposes;
   ii. self-observation; and
   iii. self-evaluation of instructional practices; observation and evaluation of the clinical candidates’ instructional skills; program evaluation; data relevant to instructional competencies of clinical student teachers.

7. Video capture of the clinical student teacher will not be published without: (1) written consent from the District; and (2) valid consents as required by FERPA and/or any other applicable privacy law, regulation, or policy.

h. In no case will images of District students appear in a public forum for purposes of self, candidate, program evaluation, or for purposes of research presentation unless the identity of students is completely masked (e.g., blurring of facial or other identifying features). TXWES
EPP understands that Personally Identifiable Information ("PII") that is received in the scope of this Agreement is confidential and cannot be re-disclosed by publishing such information in any way that allows individuals to be directly or indirectly identified. Any publication or dissemination of data by TXWES EPP needs to be converted to De-identified Information. TXWES EPP shall not re-disclose PII in any way that causes a breach of confidentiality. TXWES EPP will limit access to the PII only to persons identified in this Agreement as having a legitimate interest in accessing the PII.

i. TXWES EPP will receive student information, if any, from the District in compliance with the requirements and exceptions outlined in FERPA. TXWES EPP further acknowledges and agrees that it will comply with said law and safeguard student information. TXWES EPP may not redisclose student information to a third party without prior written consent from the parent or eligible student. Furthermore, TXWES EPP must destroy any student information received from the District when no longer needed for the purposes listed in the Agreement.

5. District Responsibilities:
   a. Collaborate with the TXWES EPP liaison to identify schools, principals, cooperating teachers, and mentors to participate in the clinical practice partnership and support fidelity of implementation;
      1. Cooperating and Mentor Teachers will be identified by campus administration in collaboration with District administration and the TXWES EPP.
      2. The Cooperating/Mentor Teacher and/or Site Supervisor must agree to:
         i. serve as a model and mentor for candidates completing the early field experience, clinical student teacher, or professional practicum candidate experience and allow her/him to assume responsibilities as she/he exhibits the readiness to do so;
         ii. work collaboratively with the university field supervisor and clinical student teacher/intern or professional practicum candidate to create and implement active and engaging lessons and activities;
         iii. provide meaningful feedback to the candidates completing early field experience, clinical student teaching, internship, or professional practicum regularly as a means to advance the growth of the candidate;
         iv. adhere to the requirements for the cooperating teacher/mentor as listed in the TXWES Clinical Student Teaching Cooperating Teacher, Intern, or Practicum Handbook [inclusive of required formal and informal observations, verification of clinical clock hours, end-of-year performance assessment, TXWES EPP Exit Survey, and other assessments as needed];
   b. Work with campus administrators to ensure that candidates completing early field experience, clinical student teaching, internship, or professional practicum are placed with highly qualified (minimum of 3 years of teaching experience), supportive, cooperating teachers, mentors, and educators who contribute to the growth and development of the candidate;
   c. Work with the TXWES EPP to provide placement details for candidates in diverse schools;
   d. Work with the TXWES EPP to assign candidates to placements within a month of request;
e. Collaborate with the TXWES EPP on placement decisions and work with EPP personnel to resolve any concerns or challenges with placements. If a concern arises and the District needs to cancel a placement or terminate a placement due to unforeseen circumstances or other concerns, District personnel will work with the TXWES EPP to arrange another placement if possible;

f. The District will inform parents/guardians of the use of video capture technology in District classrooms and explain the measures taken to specifically avoid video capturing their students.

6. Terms of Agreement and Termination:

TOPIC: APPROVE RESOLUTION OF THE FORT WORTH INDEPENDENT SCHOOL DISTRICT BOARD OF TRUSTEES REGARDING DELEGATION OF AUTHORITY RELATED TO STRUCK OFF PROPERTIES TO CITIES FOLLOWING A TAX FORECLOSURE SUIT, JUDGMENT, AND UNSUCCESSFUL DELINQUENT TAX SALE

BACKGROUND:

The Superintendent routinely receives letters from the City of Fort Worth and other cities within the District’s boundaries requesting prompt action regarding tax foreclosure property. Following a tax-foreclosure suit, judgment, and unsuccessful bid at the tax sale, properties may be struck off to the cities, as Trustee for all the taxing entities participating in the lawsuit. Pursuant to Section 34.05 of the Texas Property Tax Code, the cities advertise the properties for sale in accordance with the procedures provided by Section 272.002 of the Local Government Code. The goal is to sell properties to return the properties to the tax roll and to their best use, and to bolster and catalyze new development and investment in the communities of our students.

Specifically, the cities seek the approval of each taxing unit, including the Fort Worth Independent School District, to sell the properties to a willing buyer. Such approval is required by Texas Property Tax Code Section 34.05(i), if the sales price is less than the total amount of the judgment or the value of the property specified in the judgment.

The proposed resolution allows the Board of Trustees to delegate authority to the Superintendent of Schools, or her/his designee, to approve the resale of struck off properties. The authorization does not absolve the Superintendent from following all other requirements as required by State law. The proposed resolution also ratifies any decisions regarding previous struck off properties that may have been approved by the Superintendent.

STRATEGIC GOAL:

2 – Improve Operational Effectiveness and Efficiency

ALTERNATIVES:

1. Approve Resolution of the Fort Worth Independent School District Board of Trustees Regarding Delegation of Authority Related to Approval of Resale of Struck Off Properties to Cities Following a Tax Foreclosure Suit, Judgment, and Unsuccessful Tax Sale
2. Decline to Approve Resolution of the Fort Worth Independent School District Board of Trustees Regarding Delegation of Authority Related to Approval of Resale of Struck Off Properties to Cities Following a Tax Foreclosure Suit, Judgment, and Unsuccessful Tax Sale
3. Remand to Staff for Further Study

TOPIC: APPROVE NAMING RICHARD J. WILSON ELEMENTARY SCHOOL GYMNASIUM THE WILLIAM COPELAND GYMNASIUM

BACKGROUND:

We ask that the FWISD School Board vote to name the Richard J. Wilson Gymnasium after Coach William Copeland. Coach Copeland has served as an educator in Fort Worth ISD for 35 years and has been a Wilson Wolf for 28 of those years. Not only was he an educator at Richard J. Wilson, but he is also a product of this school where he attended 1st to 5th grade. When he returned here to teach, it was literally like coming home, since he grew up six blocks from the school. He has inspired numerous students as he coached football, soccer, softball, and taught physical education at Wilson. He made sure that every child felt validated, included and successful. Rarely has he missed a day in the past 35 years. He has made a lasting impression on former students who often inquire if he is still teaching at Wilson. They cannot wait to see him and update him on their lives. Coach Copeland has volunteered thousands of hours to better the lives of children in this southside neighborhood. He has had the pleasure of teaching and impacting the lives of three generations in this community. His expertise in the field of sports will be greatly missed here at Wilson Elementary. His positive attitude and dedication to RJ Wilson has made him a staple to our community and we would be honored to have our Gymnasium named in honor of him.

How can the public address the Board? [Policies BED(LEGAL) and BED(LOCAL)]

Addressing the Board at a Regular Board Meeting

When necessary for effective meeting management of the Board meeting or to accommodate large numbers of individuals wishing to address the Board, the presiding officer may make adjustments to public comment procedures including adjusting when public comment will occur during the meeting, reordering agenda items, deferring public comment on non-agenda items, continuing agenda items to a later meeting, providing an expanded opportunity for public comment, or establishing an overall time limit for public comment and adjusting the time allotted to each speaker. See Board Policy BED(LOCAL) and Government Code Chapter 551.

1. Following the posting of the Board meeting agenda, anyone desiring to make a public comment may sign-up by calling 817-814-1920 by 4:00 PM the day of the meeting and may sign-up at the meeting until 5:20 PM. Individuals desiring to make a public comment by written statement may email amanda.coleman@fwisd.org by 12:00 PM the day of the meeting. Written statements will be shared with the Board of Trustees prior to the meeting and will not be read aloud during the Board meeting.
2. Board members may not engage in a verbal exchange about a subject that has not been posted. The Board may reply with the following: (1) a statement of specific factual information given in response to the inquiry; (2) recitation of existing policy in response to the inquiry; or (3) by directing the person to visit with staff about the issue.
3. Participants must specify the agenda item(s) or topic(s) of their comment(s).
4. Participants addressing items on the agenda and topics not specifically listed on the agenda will speak during the public comment portion of the meeting dedicated to the discussion of agenda items.
5. **Participants that are addressing the Board with comments of a general nature or on topics not specifically listed on the agenda will speak during the public comment portion of the meeting dedicated to items that are not included on the agenda.**

6. No presentation shall exceed three (3) minutes unless the speaker receives prior approval for additional time because of the use of a translator. When necessary for effective meeting management or to accommodate large numbers of individuals wishing to address the Board, the time allotted for each speaker will be two (2) minutes when the number of speakers exceeds twenty (20) persons. The allotted time will begin counting down as soon as the speaker begins speaking. **Additional adjustments to the allotted time may be needed, but the time allotted per speaker will never be less than one (1) minute.**

7. Participants who require the assistance of a translator are permitted double the allotted time of participants who do not require the assistance of a translator.

8. Participants may not relinquish their time to another speaker.

9. Participants and members of the audience are allowed to bring signs during the meeting, but such signs shall be limited to a standard poster board size no larger than 22”x28”. Individual signs that when put together form a larger sign need to comply with the 22”x28” size requirement as measured when the signs are put together.

10. Speakers should practice normal rules of decorum. Vulgar language and profanity will not be tolerated.

11. The Board shall not tolerate disruption of the meeting by members of the audience to include verbal, audio or physical disruptions. If, after at least one warning from the presiding officer, any individual continues to disrupt the meeting by his or her words or actions, the presiding officer may request assistance from law enforcement officials to have the individual removed from the meeting. **See Board Policy BED(LOCAL).**

12. Any employee, parent, or other member of the public is asked to comply with the appropriate grievance policy to have a complaint heard pursuant to the applicable Board policy. **See Board Policies DGBA, FNG, and GF.**

Public Comment specific to items on the agenda will occur before consideration of any item and before closed session. Individuals are permitted to address the Board on any topic provided the procedures listed above are followed.

**Addressing the Board at a Board Workshop, Special Meeting and Public Hearing**

The same guidelines provided above for addressing the Board at a Regular Meeting are to be followed. The only exception is at Board Workshops, Special Meetings, and Public Hearings, public comment shall be limited to items on the agenda posted with notice of the meeting.

**During All Meetings of the Board, the Board President will ensure that the following guidelines are followed:**

- Requests to address the Board will be accepted on a first come, first served basis.
- Speakers are not allowed to identify students (other than parents who identify their own children), District personnel, or District volunteers by name.
Agenda Creation and Agenda Items

How are the agendas created? [Policy BE(LOCAL)]

In consultation with the Board President, the Superintendent shall prepare the agenda for all Board meetings. The deadline for submitting items for inclusion on the agenda is the fifth working day before regular meetings and noon on the third working day before special meetings. Members of the Board shall be given notice of regular and special meetings at least 72 hours prior to the scheduled time of the meeting and at least one hour prior to the time of an emergency meeting.

Any Board member may request that a subject be included on the agenda for a meeting, and the Superintendent shall include on the preliminary agenda of the meeting all topics that have been timely submitted by a Board member. Before the official agenda is finalized for any meeting, the Superintendent shall consult the Board President to ensure that the agenda and the topics included meet with the Board President’s approval. In reviewing the preliminary agenda, the Board President shall ensure that any topics the Board or individual Board members have requested to be addressed are either on that agenda or scheduled for deliberation at an appropriate time in the near future. The Board President shall not have authority to remove from the agenda a subject requested by a Board member without that Board member’s specific authorization.

Board-Adopted Strategic Framework

What guides decisions made by the Board of Trustees? [Policy AE(LOCAL)]

The Board of Trustees has adopted a strong strategic framework to guide all decision-making. Board members will honor the Mission, Vision, and Core Beliefs while meeting District goals through scalable systems that operate with effective change management and system development with a commitment to continuous improvement.

Core Beliefs

We Believe…

- Equal access and opportunity to learn is the right of every student;
- School curricula and instruction must be rigorous, relevant, engaging, and provide students with multiple options and opportunities for the future;
- The ultimate measure of what is taught is what is learned;
- Teachers are our most valuable resource, and the focus of all our efforts is to support teaching and learning;
- Public education requires the active participation of parents and the community to obtain and maintain excellence;
- The FWISD community acknowledges, respects, and appreciates diversity;
- Safe and orderly community and school environments are essential to student health, wellness and academic success; and
- The adequate and equitable provision and distribution of resources, a strong infrastructure that is both effective and efficient, and a system of accountability are essential to ensuring a high-performing educational system.
Mission
Prepping all students for success in college, career, and community leadership.

Vision
Igniting in every child a passion for learning.

District Goals [AE(EXHIBIT)]

Goal 1: Early Literacy: Increase the percentage of grade 3 students who score at “meets grade level” or higher on STAAR Reading from 34 percent to 47 percent by 2024.

Goal 2: Early Math: Increase the percentage of grade 3 students who score at “meets grade level” or higher on STAAR Mathematics from 34 percent to 45 percent by 2024.

Goal 3: College and Career Readiness: Increase the percentage of students graduating with a CCMR indicator from 43 percent to 48 percent by 2024.

The Superintendent shall interpret and implement the Board’s student outcome goals and, in consultation with the Board, shall select goal progress measures (GPMs) for each student outcome goal. For any school year during which the Board’s student outcome goals are not met, the Superintendent shall make reasonable progress toward meeting the student outcome goals.

Board’s Constraints for the Superintendent
In attaining the Board’s student outcome goals, the Superintendent shall not:

1. Make operational decisions that prevent access of all students to learning.
2. Make decisions without prioritizing physical health, safety, and mental well-being of students and their families and staff.
3. Reduce transparency and communication regarding the impact of strategic initiatives on student learning.
4. Operate without actively monitoring and working to eliminate the loss of instructional time.
5. Operate without examining the enrollment process and data annually to ensure no inequitable impact on students of color.

The school system shall pursue a “System of Great Schools” theory of action in which the central administration devolves autonomy to schools, empowers parents to make choices, creates performance contracts with campuses, annually evaluates performance of and demand for schools, and makes strategic decisions regarding growing access to high-performing schools and addressing low performers. Campus performance contracts shall require each campus to accomplish the Board’s student outcome goals while operating within the Board’s other constraints.

The Superintendent shall interpret the Superintendent’s constraints and, in consultation with the Board, shall select constraint progress measures (CPMs) for each constraint.
Board Constraints for the Board

The Board shall operate within the Board’s role, as defined above, and the Board’s operating procedures. The Board, either collectively or through the actions of individual Board members, shall not:

1. Spend less than 50% of time during Board authorized public meetings focused on student outcomes;
2. Give or appear to give operational advice or instructions to District staff; or
3. Behave in a manner that erodes trust and respect among the team of 10.

Board Self-Evaluation

The Board shall conduct formative self-evaluations at least quarterly and, within 45 days prior to conducting the annual evaluation of the Superintendent, shall conduct an annual summative self-evaluation. The Board shall self-evaluate using the Quarterly Progress Tracker tool provided by Lone Star Governance.

Superintendent’s Evaluation

The Board shall annually evaluate the Superintendent based on the school system’s achievement of the Board’s student outcome goals and compliance with the Superintendent’s constraints. Accomplishment of at least 80 percent of the annual targets for either the student outcome goals (GPM) or of the adopted progress measures (CPM) shall be an automatic indicator of success; below that threshold, the Board’s judgment shall be the indicator of success.

Board Meetings and Board Member Conduct

How are board meetings conducted and what is expected of Board members as they conduct business? [Policy BE(LOCAL)]

The Board shall observe the parliamentary procedures as found in Robert’s Rules of Order, Newly Revised, except as otherwise provided in Board procedural rules or by law. Procedural rules may be suspended at any Board meeting by majority vote of the members present.

Board members are expected to conduct themselves professionally and ethically during all meetings and public forums. While differences of opinion, if respectfully presented, are encouraged and will not be construed as unprofessional or unethical behavior, unprofessional and uncivil behavior will not be considered germane to any motion and will not be tolerated.

When the agenda is prepared, the Board President shall determine items, if any, that qualify to be placed on the consent agenda. A consent agenda shall include items of a routine and/or recurring nature grouped together under one action item. For each item listed as part of a consent agenda, the Board shall be furnished with background material. All such items shall be acted upon by one vote without separate discussion, unless a Board member requests that an item be withdrawn for individual consideration. The remaining items shall be adopted under a single motion and vote.

Deliberating Motions: The board president will ensure that deliberation is germane to the motion under consideration. The board president will not recognize a member who wishes to be heard for a second time on a motion until all other board members have had an opportunity to speak to the motion. Deliberation should continue until such time that all board members have had adequate opportunity to deliberate and ask clarifying questions.

Voting shall be by voice vote, a show of hands, or by electronic tally, as directed by the Board President. Any member may abstain from voting, and a member’s vote or failure to vote shall be recorded upon that member’s request.

Executive Session: The board may only deliberate matters in closed session as permitted by the Open Meetings Act. A vote on a matter deliberated in closed session must be made in open session. Information and opinions shared during closed session must remain confidential. All personnel matters must be conducted in closed session unless specifically required by the Open Meetings Act, and any information that is subject to the attorney-client privilege must be kept confidential.

Board Officers and Members Authority

What authority do Board officers and members have? [Policies BDAA(LOCAL) and BBE(LOCAL)]

The President shall:

- Preside at all Board meetings unless unable to attend.
- Appoint or provide for the election of all committees and appoint chairpersons unless otherwise directed by the Board.
- Call special meetings of the Board.
- Have the right to discuss, make motions and resolutions, and vote on all matters coming before the Board.

May 18, 2023
• Sign all legal documents, warrants, vouchers, and reports, as required by statute, state or federal regulations, or Board policy.
• Decide all questions of order in accordance with Robert's Rules of Order, Newly Revised, as modified by Board policy.
• Perform all customary duties of the office and other duties as may be required by law or the Board.
• In the event of the absence or incapacity of the Board Secretary, the Board President shall appoint a Secretary Pro Tempore.

The First Vice President shall:

• Act in the capacity and perform the duties of the Board President in the event of the absence or incapacity of the President.
• Become President only upon being elected to the position.
• Perform other duties as prescribed by the Board.

The Second Vice President shall:

• Act in the capacity and perform the duties of the Board President in the event of the absence or incapacity of the President and the First Vice President.
• Perform other duties as prescribed by the Board.

The Secretary shall:

• Act in the capacity and perform the duties of the presiding officer in the absence of the President and the First and Second Vice Presidents of the Board.
• Countersign all warrants for school money drawn upon the depository by order of the Board.
• Attest to the signature of the President on all contracts and legal documents.
• Perform other functions as may be required by applicable statutes and Board policies.

Board members as individuals shall not exercise authority over the District, its property, or its employees. Except for appropriate duties and functions of the Board President, an individual member may act on behalf of the Board only with the express authorization of the Board. Without such authorization, no individual member may commit the Board on any issue. [See BBE(LOCAL)] A Board member may not exert pressure of any kind on the Superintendent or staff members to bring about the election, promotion, or dismissal of any District employee. If a Board member does attempt to exert pressure, the Superintendent is instructed and obligated to bring the matter to the attention of the Board.

Board Officer Elections

How do board officer elections work? [Policy BDAA(LOCAL)]

At the first regular meeting following each May election, including the time it takes for a runoff election, if necessary, the Board shall elect a President, a First Vice President, a Second Vice President, and a Secretary from within Board membership. Officers shall be elected by majority vote of the members present and voting.

May 18, 2023
The Superintendent shall serve as chair and shall preside over the meeting during the election of officers until such time as the President is elected.

Board officers may serve for a term of one year or until a successor is elected. Officers may succeed themselves in office. For continuity, officers are encouraged to seek an additional term after their first term, but limit election as Board President to two consecutive years. Each officer shall perform any legal duties of the office and other duties as required by action of the Board.

Standards of Behavior

What are the expectations of board members' standards of behavior? [Policy BBFA(LOCAL)]

- Board members will commit to upholding the Board of Trustees’ Code of Ethics. [Policy BBF(LOCAL)]
- Each Board member shall provide to the District in a timely manner information necessary for the District's annual financial management report.
- A Board member shall not use coercive means or promise special treatment in order to influence Board or District decisions, nor use his or her position to seek personal advantage.
- At each regularly scheduled Board meeting, the Board President shall make a statement to remind Board members of the legal conflict of interest requirements, shall request disclosure for any matter under consideration on the agenda for that meeting, and, if required by law, Board members shall then recuse themselves from all discussion and shall abstain from voting on any matter pertaining to such a disclosure.

Communications

What is the protocol for how the Board should communicate? [Policy BBE(LOCAL)]

- The superintendent will update the board members on board-related matters.
- When a proposal is presented to the Board, the Board shall hold a discussion and reach a decision. Although there may be dissenting votes, which are a matter of public record, each Board decision shall be an action by the whole Board binding upon each member.
- Board members as individuals shall not exercise authority over the District, its property, or its employees. Except for appropriate duties and functions of the Board President, an individual member may act on behalf of the Board only with the express authorization of the Board. Without such authorization, no individual member may commit the Board on any issue.
- Certain information disclosed to board members is confidential by law and may not be disclosed to third parties. Board members must not disclose information that is subject to the attorney-client privilege. Board members also should not disclose any information to which they have access by virtue of their position as board members that has not been made public, if, to do so, would compromise the board or the administration in the conduct of their affairs.
- In the event a board member communicates with the public either electronically or in writing regarding a matter of district business, the member is encouraged to remember that the Public Information Act may require disclosure of such communication.
- Board members are encouraged not to respond to anonymous communications.
• Board members who host Internet sites that include, sponsor or permit postings regarding matters relevant to the district or district business, will include a disclaimer in a form approved by the board’s attorney, providing that such postings are not made on behalf of the district.

Conflict Resolution

How are conflicts resolved?

Board members are encouraged to express concerns about another member’s performance directly with that member.

If a member is unsuccessful in resolving a concern with a fellow board member, he/she should address the matter with the board president. The board president shall discuss the concern with the board members in question and may moderate a discussion between them.

If, in the board president’s judgment, resolution of the concern requires discussion amongst a quorum or more of board members, a meeting must be posted and conducted in accordance with the Open Meetings Act.

The president shall remind the board member whose behavior is in question about the adopted Code of Ethics and Board Operating Procedures and discuss how the board member’s behavior does not comply. The discussion also will identify more appropriate alternatives to the behavior, or refer the board member to policies or procedures that outline approved ways to deal with any issue that prompted the behavior.

If the concern involves the board president, a board member may discuss his or her concerns with the board vice president. Board members will not take concerns about fellow board members to the superintendent. Board members will not speak about performance concerns regarding individual board members with anyone other than the board and the board’s attorney.

Board Member Requests for Information and Communications with Staff

What is the protocol for Board members to request information? [Policy BBE(LOCAL)]

An individual Board member shall seek access to records or request copies of records from the Superintendent or other designated custodian of records, who shall respond within the time frames required by law. No individual Board member shall direct or require District employees to prepare reports derived from an analysis of information in existing District records or to create a new record compiled from information in existing District records. Directives to the Superintendent or other custodian of records regarding the preparation of reports shall be by Board action.

Concerns and Complaints

How should Board members handle concerns or complaints? [Policy BBE(LOCAL)]

If employees, parents, students, or other members of the public bring concerns or complaints to an individual Board member, he or she shall refer them to the Superintendent or another appropriate administrator.

May 18, 2023
When the concern or complaint directly pertains to the Board’s own actions or policy, for which there is no administrative remedy, the Board member may request that the issue be placed on the agenda.

**Media Inquiries**

**How should the Board handle the media?** [Policy **GBBA(LOCAL)**]

The Board President shall be designated as the spokesperson for the Board. New media requests for District information, interviews, comments, or statements shall be directed to the Communications Department. News releases concerning the overall operations of the District, schools, events, initiatives, or activities shall be prepared by the Communications Department. In any situation affecting the District or an individual campus, the Superintendent or designee shall be the official District spokesperson and shall be responsible for all communication with the news media.

**Campus Visits**

**Can Board members visit campuses?** [Policy **BBE(LOCAL)**]

A Board member shall adhere to any posted requirements for visitors to first report to the main office of a District facility, including a school campus. Visits during the school or business day shall not be permitted if their duration or frequency interferes with the delivery of instruction or District operations.

**Travel**

**Are Board members required to travel and who pays when they do?** [Policy **BBG(LOCAL)**]

A travel budget for the Board shall be established as part of the annual budget planning process and shall be budgeted in the general fund. Trustees shall be allocated a budget for travel, professional development training, and reasonable expenses associated with attending functions of District-related organizations. Total expenses incurred shall not exceed the budgeted amount for such expenses as adopted by the Board for the fiscal year. Education-related meetings, functions, and activities of, or sponsored by, the following entities are approved for travel at the expense of the District.

Other travel may be approved by the Board President. The Vice President shall be responsible for approving other travel requested by the President. The Board shall have final responsibility in determining compliance.

**Committees**

**What are the current Board committees and how do they function?** [Policy **BDB(LOCAL)**]

The President shall appoint members to special committees created by the Board to fulfill specific assignments, unless otherwise provided by Board action. These committees may include District personnel and citizens. The function of committees shall be fact-finding, deliberative, and advisory, but not administrative. Special and standing committees shall report their findings to the Board and shall be dissolved upon completion of the assigned task or vote of the Board.

Board Committees can be located on the [FWISD Board webpage](https://www.fwisd.org/boards/committees).
Board Development

What training will Board members receive? [Policies BBD(LEGAL) and BBD(LOCAL), and BBD(EXHIBIT)]

Board members will fulfill the training requirements specified in Board Policies BBD(LEGAL) and BBD(LOCAL). The Board President shall announce the status of each Board member’s continuing education credit. The announcement shall be made annually at the last regular Board meeting before the District’s uniform election date, whether or not an election is held. The announcement shall be reflected in the meeting minutes and, when necessary, posted on the District’s website in accordance with law.

Board members should be familiar with district policies, especially their duties as defined in policy BAA(LEGAL) and will annually review its Board Operating Procedures and Board Ethics Policy BBF(LOCAL).

Annually, the Board will conduct a self-evaluation using the Lone Star Governance Implementation Integrity Instrument [Policy BG(LEGAL)].

What is Lone Star Governance? Lone Star Governance (LSG) is an optional, first-of-its-kind training initiative.
Founded on research, LSG is a continuous-improvement model for governing teams—boards in collaboration with their superintendents—who choose to focus intensely on only one primary objective: improving student outcomes.

The purpose of Lone Star Governance is to provide coaching and support, through a continuous-improvement framework, for school governing teams that choose and commit to intensively focus on the objective to improve student outcomes. Lone Star Governance accomplishes this intense focus through tailored coaching aligned to the five pillars of the Texas Framework for School Board Development: Vision, Accountability, Structure, Advocacy, and Unity. In addition to the primary focus on improving student outcomes, Lone Star Governance provides systems for governing legal and fiscal responsibilities.

Advocacy

Is advocacy part of our job? [BBD(EXHIBIT)]

The Board promotes the vision and engages the community in developing and fulfilling the vision. The Board advocates on behalf of Texas public schoolchildren.

The board:

- Demonstrates its commitment to, and advocates on behalf of, the shared vision and goals by clearly communicating them to the superintendent, staff, and community.
- Regularly reports district progress to families and the community
- Ensures multiple forms of two-way communication will be used to engage, empower, and connect students, families, staff, media, and community with the District.
- Builds collaborative relationships and partnerships with families and community, business, nonprofit, higher-education, education support organizations, and governmental leaders to influence and expand educational opportunities and meet the needs of students.
- Recognizes the respective roles of and provides input and feedback to the legislature, State Board of Education, and the Texas Education Agency to ensure maximum effectiveness and benefit to Texas schoolchildren.
- Promotes school board service by educating the community about the role of a school board and encouraging leadership opportunities within the community.

Board Evaluation of the Board

Who evaluates the Board?

The Board utilizes the Lone Star Governance self-evaluation tool to provide a continuous improvement model, in collaboration with the Superintendent, to focus intensively on one primary objective: Improving Student Outcomes. Lone Star Governance accomplishes this intense focus through the execution of five points of the Texas Framework for School Board Development: Vision, Accountability, Structure, Unity, and Advocacy.
Superintendent’s Evaluation and Contract

How does the Board evaluate the Superintendent? [Policies BJCD(LOCAL) and BJC(LEGAL)]

Superintendent’s Evaluation

- The Board shall prepare a written evaluation of the Superintendent at annual or more frequent intervals. The Board shall furnish the Superintendent with a copy of the completed evaluation and shall discuss its conclusions with the Superintendent in a closed meeting, unless the Superintendent requests that the discussion be open. The Board may at any time conduct and communicate oral evaluations to augment its written evaluations.

Superintendent’s Contract

- A board may employ by contract a superintendent for a term not to exceed five years.

Single-Member District Maps

Access single-member District maps here.
Disclaimer: The purpose of the Board Operating Procedures Manual is to provide Board Members with information about their roles and responsibilities and to highlight Board policies that relate to the functioning of the Board. This manual will be reviewed and updated annually. If any conflict exists between the Board Operating Procedures and current Board Policy as provided by Board action or the Online Board Policy Manual, Board Policy prevails.
CONSENT AGENDA ITEM
BOARD MEETING
May 23, 2023

TOPIC: APPROVE FIRST READING - REVISIONS TO BOARD POLICIES BDAA(LOCAL) AND DB(LOCAL)

BACKGROUND:

The Texas Association of School Boards (TASB) assists school districts by ensuring proper standards are met in regards to state and federal guidelines by supporting and navigating through policy and regulation updates and changes. School districts with localized policy manuals receive several major updates per year called numbered updates. They are called “numbered updates” because they are numbered sequentially. These updates respond to changes in state and federal law, court cases, and decisions by the Attorney General and by the Commissioner of Education. In numbered updates TASB only makes recommendations where the District’s local policies are concerned. District personnel update policies incorporating TASB’s recommendations and/or the needs of the District. The Board of Trustees always has the final say regarding which policies go in the manual.

Policy recommendations:

- BDAA(LOCAL): Revised verbiage assists in updating and outlining Board Officer elections
- DB(LOCAL): Thirty-nine Texas Independent School Districts were reviewed, and 25 districts require superintendent residency only within their districts outlined in policy or in the superintendents’ contracts. The remaining 14 districts did not speak to superintendent residency in policy.

STRATEGIC GOAL:

2 - Improve Operational Effectiveness and Efficiency

ALTERNATIVES:

1. Approve First Reading - Revisions to Board Policies BDAA(LOCAL) and DB(LOCAL)
2. Decline to Approve First Reading - Revisions to Board Policies BDAA(LOCAL) and DB(LOCAL)
3. Remand to Staff for Further Study
SUPERINTENDENT'S RECOMMENDATION:

TOPIC: APPROVE ADDITIONAL SPENDING AUTHORITY FOR FURNITURE, FIXTURES AND EQUIPMENT FOR DIAMOND HILL-JARVIS HIGH SCHOOL JOB #004-502 IN CONJUNCTION WITH THE 2017 CAPITAL IMPROVEMENT PROGRAM

BACKGROUND:

As a result of the 2017 Bond Election, the Board of Education approved authorization to enter into a construction contract for renovations at Diamond Hill-Jarvis High School (Job #004-201 / Request for Qualifications [RFQ] #19-044) on January 22, 2019. The Furniture, Fixtures, and Equipment (FF&E) for this project is purchased in phases as the addition/renovations in specific areas are complete.

On February 25, 2020, the Board of Education authorized the purchase of furniture, fixtures, and equipment for the Diamond Hill-Jarvis High School addition/renovation project in an amount not-to-exceed of $1,074,150.

During the final phases of construction, there are additional FF&E purchases needed to complete the project. This agenda item requests additional spending authority for Furniture, Fixtures, and Equipment for Diamond Hill-Jarvis High School in an amount not-to-exceed of $33,000.

FF&E budgets were originally based on a percentage of the overall project, and a Board document was approved with a “Not to Exceed” amount. In this instance, the budget was not enough to cover all spaces/rooms that will be renovated. We are requesting additional money from the project to be moved to the FF&E budget so we can purchase furniture for the cafeteria that is to be renovated during the Betterment Project #004-502. The money will be transferred from areas within the existing project where funds are not needed.

STRATEGIC GOAL:

TOPIC: APPROVE RATIFICATION OF STUDENT INTERNET CONNECTIVITY LINES

BACKGROUND:

On July 21, 2020, the Board of Trustees approved the purchase of student internet connectivity (hotspots) lines from T-Mobile in an amount not-to-exceed of $2,400,000. The use of four (4) COVID-19 BANs (Billing Account Numbers) of 2,500 lines was contracted for a total of 10,000 hotspots. Originally, submitted by the School Leadership Division, the contract expired in July 2021. Due to the need for these services and after this contract period, T-Mobile continued to provide these services without an extended agreement, on a month-to-month basis. The District applied for funding through the Emergency Connectivity Fund (ECF) to support 5,000 hotspots for a total amount of $1,200,000, for the period of service from July 2021 to July 2022. The District sent T-Mobile written notice of cancellation for all COVID-19 lines on October 31, 2022; however, some lines continued to be billed beyond the requested cancellation date. The District has met with T-Mobile to reconcile and settle the charges for this particular service. The following are the results of these meetings:

- T-Mobile anticipates ECF credits of $1,185,803.18 to offset the charges for the services beyond July 23, 2021, through July 2022.
- T-Mobile agrees to credit for any lines of services billed after October 31, 2022, as well as for unused lines of service for the period of July 2021 through the last billing period.
- After reconciliation, the balance due from the District for the COVID BANs is $452,794.31.

STRATEGIC GOAL:

1 - Increase Student Achievement

BOARD MEETING
May 23, 2023

TOPIC: APPROVE PURCHASE OF SCHOOL SUPPLIES FOR ELEMENTARY SCHOOLS FOR STUDENTS ENROLLED FOR THE 2023 - 2024 SCHOOL YEAR

BACKGROUND:

The Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted on March 27, 2020, and included Elementary and Secondary School Emergency Relief (ESSER) III Funds for K-12 schools. ESSER III funds will provide school districts with emergency funds to address the impact of the COVID-19 pandemic on schools. The District engaged in meaningful consultation with stakeholders and after providing the public with opportunities to provide input, the District has developed a plan that includes providing all items from the 2023 - 2024 Elementary School Supply List to all elementary students enrolled in FWISD schools. This will ensure that every child, regardless of income level, will have immediate access to the tools needed for instruction on the first day of school. It is expected that this initiative will reduce the impact of returning to school and promote student enrollment and participation.

STRATEGIC GOAL:

May 23, 2023

TOPIC: APPROVE PURCHASE OF STATE ADOPTED SCIENCE INSTRUCTIONAL MATERIALS

BACKGROUND:

School districts adopt new materials in accordance with the timelines established by the State Board of Education (SBOE) and the Texas Education Agency (TEA). The District last purchased state adopted Science materials as part of Proclamation 2015. Included in the purchase were physical textbooks and digital licenses for students and teachers. The eight (8) year contracts for those materials have expired and an extension to materials currently in adoption needs to be purchased for one (1) more year until Proclamation 2024 occurs.

Purchases authorized under this item will extend access to print, online textbooks, and program resources currently in adoption for use by grades Kindergarten - Grade 12 students and teachers. The authorization covers the 2023 - 2024 school year. All purchase orders issued will be on an annual basis.

Instructional materials proposed for purchase have been adopted by the SBOE or directly by the District. TEA establishes contracts with publishers of adopted materials to ensure their availability to districts at an agreed-upon cost. The terms and conditions of purchases proposed in this item are consistent with TEA requirements.

STRATEGIC GOAL:

1 - Increase Student Achievement

ALTERNATIVES:

1. Approve Purchase of State Adopted Science Instructional Materials

TOPIC: APPROVE PURCHASE OF HIGH-QUALITY INSTRUCTIONAL MATERIALS AND PROFESSIONAL LEARNING FOR ELEMENTARY LITERACY - COHORT 2

BACKGROUND:
For effective and sustainable implementation, professional development must directly prioritize classroom instruction and develop necessary capacity among key stakeholders—district leads, principals, instructional leaders/coaches, and teachers. It includes both training and coaching support over two years to develop the knowledge and skills of campus leaders, teachers, and staff who participated in the COVID Relief Instructional Materials Support Initiative (CRIMSI). The ELAR/SLAR kits provide these stakeholders with the tools and information needed to successfully continue implementation to ensure a coherent approach to literacy instruction.

STRATEGIC GOAL:
1 - Increase Student Achievement

ALTERNATIVES:
1. Approve Purchase of High-Quality Instructional Materials and Professional Learning for Elementary Literacy - Cohort 2
2. Decline to Approve Purchase of High-Quality Instructional Materials and Professional Learning for Elementary Literacy - Cohort 2
3. Remand to Staff for Further Study

SUPERINTENDENT’S RECOMMENDATION:

Amplify Education, Inc. - Confidential Information
Fort Worth Independent School District (Cohort 2)
2023-24 Amplify Professional Development Proposal

Effective Implementation: Changing Practice
For effective and sustainable implementation, professional development must directly prioritize classroom instruction and develop necessary capacity among key stakeholders -- district leads, principals, instructional leaders/coaches, and teachers. Professional development includes both training and coaching support over multiple years to incrementally develop the knowledge and skills needed for a self-sustaining implementation. Training equips stakeholders with the information and tools they need for a successful program implementation and initially, focuses heavily on updating day by day processes, activities, tools, and protocols to ensure a coherent approach to literacy instruction. Coaching provides real-time context for application and skill building to develop effective habits of teaching that produce excellent student outcomes.

K-5 ELAR/SLAR
This professional development package is designed to support teachers, schools, and district leaders in effectively implementing Amplify Texas ELAR/SLAR. This professional development package draws from our individual training sessions and includes additional support, such as online learning modules and year-long, remote support and change management services, which we recommend for large district-wide adoptions. Amplify would welcome the opportunity to partner with the district to further customize a professional development package to meet their individual needs.

The pricing for the professional development packages below is only applicable for a district-wide Amplify Texas ELAR/SLAR adoption. We welcome the opportunity to partner with Fort Worth ISD to customize the approach to professional development, and we will work with the District to finalize the support plan based on detailed conversations around implementation scale and budgetary constraints. Below is the recommended number of sessions, accommodating 30 participants per session.

Without prejudice to any rights either party may have under this Agreement, in law, equity or otherwise, a party shall have the right to terminate this Agreement if the other party (or in the case of Amplify, an Authorized User) materially breaches any term, provision, warranty or representation under this Agreement and fails to correct the breach within 30 days of its receipt of written notice thereof. Upon termination, Customer will: (a) cease using the Products, (b) return, purge or destroy (as directed by Amplify) all copies of any Products and, if so requested, certify to Amplify in writing that such surrender or destruction has occurred, (c) pay any fees due and owing hereunder, and (d) not be entitled to a refund of any fees previously paid, unless otherwise specified in the Quote. The provisions of this Agreement shall supersede any conflicting terms and conditions in any Customer purchase order, other correspondence or verbal communication, and shall supersede and cancel all prior agreements, written or oral, between the parties relating to the subject matter hereof. This Agreement may not be modified except in writing signed by both parties. All defined terms in this Agreement shall apply to their singular and plural forms, as applicable. This Agreement will be binding upon and inure to the benefit of the parties and their respective successors and assigns. The parties expressly understand and agree that their relationship is that of independent contractors. Nothing in this Agreement shall constitute one party as an employee, agent, joint venture partner, or servant of another. Each party is solely responsible for all of its employees and agents and its labor costs and expenses arising in connection herewith. Neither this Agreement nor any of the rights, interests or obligations hereunder may be assigned or delegated by Customer or any Authorized User without the prior written consent of Amplify. If one or more of the provisions contained in this Agreement shall for any reason be held to be unenforceable at law, such provisions shall be construed by the appropriate judicial body to limit or reduce such provision or provisions so as to be enforceable to the maximum extent compatible with applicable law. Amplify shall have no liability to Customer or to third parties for any failure or delay in performing any obligation under this Agreement due to circumstances beyond its reasonable control, including acts of God or nature, fire, earthquake, flood, epidemic, strikes, labor stoppages, slowdowns, civil disturbances or terrorism, national or regional emergencies, supply shortages or delays, action by any governmental authority, or interruptions in power, communications, satellites, the Internet, or any other network.

Terms & Conditions

1. Scope. Amplify Education, Inc. ("Amplify") and Customer wish to enter into the agreement created by the price quote, proposal, renewal letter, or other ordering document containing the details of this purchase (the "Quote") and these Customer Terms & Conditions, including any addendums hereto (this "Agreement") pursuant to which Amplify will deliver one or more of the products or services specified on the Quote (collectively, the "Products").

2. License. Subject to the terms and conditions of this Agreement, Amplify grants to Customer a non-exclusive, non-transferable, non-sublicensable license to access and use, and permit Authorized Users to access and use the Products solely in the U.S. during the Term for the number of Authorized Users specified in the Quote for whom Customer has paid the applicable fees to Amplify. Each Authorized User’s access and use of the Products shall be subject to Amplify’s Terms of Use available through the Products, in addition to the terms and conditions of this Agreement, and violations of such terms may result in suspension or termination of the applicable account.

3. Restrictions. Customer shall access and use the Products solely for non-commercial instructional and administrative purposes of Customer’s school. Customer also agrees that any works created in violation of this section are derivative works, and, as such, Customer agrees to assign, and hereby assigns, all right, title and interest therein to Amplify. The Products and derivatives thereof may be subject to export laws and regulations of the U.S. and other jurisdictions. Customer may not export any Product outside of the U.S. Further, Customer will not permit Authorized Users to access or use any Product in a U.S.-embargoed country or otherwise in violation of any U.S. export law or regulation. The software and associated documentation portions of the Products are "commercial items" (as defined at 48 CFR 2.101), comprising "commercial computer software" and "commercial computer software documentation," as those terms are used in 48 CFR 12.212. Upon acceptance of such Products, orders are non-refundable, non-returnable, and non-exchangeable, except in the case of defective or missing materials reported by Customer within 60 days of receipt.

7. Account Information. For subscription Products, the authentication of Authorized Users is based in part upon information supplied by Customer or Authorized Users, as applicable. Customer will and will cause its Authorized Users to (a) provide accurate information to Amplify or a third-party authentication service as applicable, and promptly report any changes to such information, (b) not share or allow others to use their account, (c) maintain the confidentiality and security of their account information, and (d) use the Products solely via such authorized accounts. The parties acknowledge and agree that Customer is subject to federal and local laws relating to the protection of personally identifiable information of students (“PII”), including the Family Educational Rights and Privacy Act (“FERPA”), and that Amplify is obtaining such PII as a “school official” under Section 99.31 of FERPA for the purpose of providing the Products hereunder. Subject to the terms and conditions of this Agreement, Amplify will take no action to cause Customer to be out of compliance with FERPA or applicable state laws relating to PII. Amplify’s Customer Privacy Policy at http://www.amplify.com/customer-privacy will govern collection, use, and disclosure of information collected or stored on behalf of Customer under this Agreement.

10. Customer Materials. Customer represents, warrants, and covenants that it has all the necessary rights, including consents and IP Rights, in connection with any data, information, content, and other materials provided to or collected by Amplify on behalf of Customer or its Authorized Users using the Products or otherwise in connection with this Agreement (“Customer Materials”), and that Amplify has the right to use such Customer Materials as contemplated hereunder or for any other purposes required by Customer. CUSTOMER ASSUMES RESPONSIBILITY FOR SELECTING THE PRODUCTS TO ACHIEVE CUSTOMER'S INTENDED RESULTS AND FOR THE ACCESS AND USE OF THE PRODUCTS, INCLUDING THE RESULTS OBTAINED FROM THE PRODUCTS. WITHOUT LIMITING THE FOREGOING, AMPLIFY MAKES NO WARRANTY THAT THE PRODUCTS WILL BE ERROR-FREE OR FREE FROM INTERRUPTIONS OR OTHER FAILURES OR WILL MEET CUSTOMER’S REQUIREMENTS. AMPLIFY IS NEITHER RESPONSIBLE NOR LIABLE FOR ANY THIRD PARTY CONTENT OR SOFTWARE INCLUDED IN PRODUCTS, INCLUDING THE ACCURACY, INTEGRITY, COMPLETENESS, QUALITY, LEGALITY, USEFULNESS OR SAFETY OF, OR IP RIGHTS RELATING TO, SUCH THIRD PARTY CONTENT AND SOFTWARE. ANY ACCESS TO OR USE OF SUCH THIRD PARTY CONTENT AND SOFTWARE MAY BE SUBJECT TO THE TERMS AND CONDITIONS AND INFORMATION COLLECTION, USAGE AND DISCLOSURE PRACTICES OF THIRD PARTIES.
12. Limitation of Liability. IN NO EVENT SHALL AMPLIFY BE LIABLE TO CUSTOMER OR TO ANY AUTHORIZED USER FOR ANY INCIDENTAL, SPECIAL, CONSEQUENTIAL, PUNITIVE, RELIANCE OR COVER DAMAGES, DAMAGES FOR LOST PROFITS, LOST DATA OR LOST BUSINESS, OR ANY OTHER INDIRECT DAMAGES, EVEN IF AMPLIFY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, TO THE EXTENT PERMITTED BY APPLICABLE LAW, AMPLIFY'S ENTIRE LIABILITY TO CUSTOMER OR ANY AUTHORIZED USER ARISING OUT OF PERFORMANCE OR NONPERFORMANCE BY AMPLIFY OR IN ANY WAY RELATED TO THE SUBJECT MATTER OF THIS AGREEMENT, REGARDLESS OF WHETHER THE CLAIM FOR SUCH DAMAGES IS BASED IN CONTRACT, TORT, STRICT LIABILITY OR OTHERWISE, SHALL NOT EXCEED THE AGGREGATE OF CUSTOMER'S OR ANY AUTHORIZED USER'S DIRECT DAMAGES UP TO THE FEES PAID BY CUSTOMER TO AMPLIFY FOR THE AFFECTED PORTION OF THE PRODUCTS IN THE PRIOR 12 MONTH-PERIOD. TOPIC: APPROVE VIDEO BOARDS AND SPORTS MARKETING CONTRACT FOR CENTRAL ATHLETIC SITES

BACKGROUND:

Over the course of the last two (2) school years, the video boards and marquees at various central sites have deteriorated significantly and have failed in some cases, creating video board pixel blackouts during community or athletic events at the sites. The Athletic Department has contracted with an outside vendor over this time period as a stop-gap measure but the video boards/marquees are no longer able to be repaired to district standards due to parts being unavailable and the age of the systems.

The video boards and marquees at the following sites are in need of replacement:

Clark Stadium……………………Video Board and Sound
Farrington Field………………….Video Board and Sound
Scarborough-Handley Field……..Video Board and Sound

Farrington Field………………….Marquee
Clark Stadium………………….Marquee

In an effort to replace the video boards at no potential cost to the District due to limited funding, the Division of Business and Finance and Athletics Department propose to finance the boards through an enterprise fund which will allow the recoupment of the equipment’s cost over a seven-year period. This period meets or exceeds the useful life of the board. Revenues will be generated by advertising that is displayed on the boards/marquees and will be used to offset the cost of the equipment over this period. A turn-key solution with one company is proposed whereby the company will replace the equipment as well as manage all marketing aspects of the equipment. It is anticipated that the cost of the program will not exceed $3,000,000 with an average recoupment of $428,571 per year.

STRATEGIC GOAL:

3 - Enhance Family and Community Engagement

RATIONALE:

The deterioration of the video boards and marquees must be replaced due to the age of the systems and the lack of parts necessary to make repairs. If the equipment is not replaced, the blackouts will continue to occur which will reduce the student and community experience at these sites. This option allows the District to minimize the cost to the general fund and fund it through revenues generated for this purpose.
