

Fort Worth ISD Telemedicine Program

Fort Worth ISD has partnered with Virtual Care for Kids and Families to make it possible for your family to be treated under the care of a pediatrician or family provider right in the comfort of your home through two-way video conference. It's like a visit to your doctor's office at home! This program will be rolled out in schools in the upcoming school year.

How Does It Work?

Step 1: Get Your Child Registered

Register your child for the Virtual Care program directly at www.virtualcarekids.com/fwisd. This covers visit now and in schools in the future.

Step 2: All Ages Receive Care Immediately

Adults and children can be seen by a family provider or pediatric specialized provider through secure two-way video conference at www.virtualcarefamilies.com. If medically necessary, we provide on-site testing at one of our nearby clinics for ailments such as strep throat and the flu, as well as COVID-19 testing and other conditions. The same services will be rolled out at your child's school too. Learn more about our COVID-19 testing on the following page.

Step 3: Get Well Sooner!

If needed, we can send a prescription to a pharmacy near you. We can also provide a full visit summary, and if desired, send the visit notes to your primary care physician.

Sign up your student at
virtualcarekids.com/fwisd

Is There A Cost To Use The Service?

Most visits will be delivered at little to no cost to the families.

Medicaid: All Texas Medicaid plans are accepted and most visits for Medicaid covered patients will cost \$0.*

TRICARE: Prime members typically pay \$0 for use of this service and other TRICARE members pay an affordable fee per visit. Virtual Care for Kids is a TRICARE authorized provider and in-network with all TRICARE plans.

Commercial Insurance: Virtual Care for Kids and Families is in-network with most major plans (BCBS, UHC, Cigna, Aetna, Humana, etc.) and a telemedicine visit typically costs the same as a normal trip to your doctor's office. The visit will be automatically billed to your insurance company with no action needed by the parent or guardian.*

*Visit www.virtualcarekids.com/insurance-accepted for full details on insurance coverage.

Fort Worth ISD! Together, We Can Save Lives!

We are a full-service COVID-19 screening & testing solution for all ages. We offer **drive-through COVID-19 testing, testing for adults & children**, and we are available **weekdays: 3pm–9pm & weekends: 9am–5pm**.

How It Works

Initial Screening Via Telemedicine
