Hearing the cheers of Paschal Panthers reverberating through "The Gus" truly is a dream come true. This fall, you made it possible for the first ever pep rally in the gym, celebrating homecoming and representing a bridge between the rich history of PHS and the bright future this gym ushers in. As cheerleaders led classic cheers to students piled into the more than 600 seats, our collective vision of raising the bar for public schools was accomplished. This experience is one you truly have to see for yourself. Will you come to the grand opening on January 8th? We'll dedicate the gym and enjoy a basketball game rooting on the purple and white.

But our work does not end there. You can further your support with a piece of this journey bearing your name. Will you consider adopting a locker for $1000? You can be a beacon of hope for each student that is molded through our program. We have less than 100 of these naming opportunities available. Or perhaps you'd like to contribute to a class gift at the $10K level? We hope that your name will be etched in the history of a legacy for PHS, enshrining your support for future panthers to come. No matter which way you choose to invest in a brighter tomorrow, thank you for saying yes to our children and yes to Paschal.

WITH GRATITUDE,
KIRK JEFFERIES
